

DEATH SNATCHES LEE BIBBLE FROM WHEEL OF RACER AS TRIPLEX CATAPULTS INTO DUNES AT DAYTONA

4,000 Reported Captured as Mexican Rebels Retreat

BOTH SIDES CLAIM GAINS AS DECISIVE STRUGGLE LOOMS

Calles' Aviators Report Foes in Disorderly Re- treat, With Many Trains Abandoned.

REBELS CLAIM 700 PRISONERS TAKEN

200 United States Troop- ers Reinforce Soldiers on International Bound- ary Near Battle Zone.

BY THE ASSOCIATED PRESS.

New York, March 13.—(Special.)—Four thousand rebel soldiers, part of the armies defending Torreon, the rebel stronghold, were reported captured Wednesday night by federal troops, and rebel forces between Torreon and Saltillo were said to be in disorderly retreat as vanguard skirmishes of what is expected to be the decisive battle of the revolution were fought.

General Saturnino Cedillo, commanding the army advancing on Torreon from the south, reported he had captured 4,000 rebel soldiers on four troop trains and was in contact with the forces of General Gonzalo Escobar, the defending general of Torreon.

Secretary of War Calles also was moving on Torreon from the south and General Otero from the east and were expected to make contact with the rebel forces.

Federal army aviators, exploring the country between Saltillo, which the federal forces held, and Torreon, which the rebel leaders, and Torreon said that rebel forces in that vicinity were in disorderly retreat. The rebel troops had abandoned their trains because of lack of fuel, the aviators said.

Conditions along the border were quiet, but conversations between Governor Abelardo Rodriguez, of the northern district of lower California, and General Olancha, who deserted the rebels and seized Naco in the name of the government last week, led to surmises that an attack was planned on Nogales, Sonora, now held by the rebels.

REBELS ANNOUNCE CAPTURE OF 700.

Queretaro, Mexico, March 13.—(P.)—Advices received at rebel military headquarters were tonight stated that 700 federal troops were captured and many killed and wounded by revolutionists in a battle near Saltillo late today. The communication came from General Marcelino Caraveo, former governor of Chihuahua and now commander of the revolutionary troops at Chihuahua City.

At the same time Caraveo reported that federal troops under General Carrera Torres had been routed in another engagement with revolutionists in the same vicinity and that General Torres was killed in the fight.

The first battle occurred at Artega, some 150 miles from Torreon, when rebel forces under General Sam Martin and General Raul Madero met a federal force which included the 77th and 78th cavalry, said to be a portion of the command under General Calles.

SEVEN ARE KILLED AS TORNADO HITS IN SOUTH CAROLINA

Liberty, S. C., March 13.—(P.)—Seven persons were known to have been killed and an undetermined number of others injured at 8 o'clock tonight when a tornado struck the six-mile community near here. Four houses were blown down and a gin, a church and a building of the six-mile academy damaged.

G. N. Garrett, Pickens county deputy sheriff, his wife and two children were crushed to death when their home collapsed. Mrs. Tillman Garrett and two of her children were killed in the collapse of a nearby home.

An infant of Mrs. Tillman Garrett's was blown some 300 yards by the tornado and was lost for an hour, but was found later to be not seriously hurt.

CANDLER FUNERAL TO BE HELD TODAY AS CITY MOURNS

Final Tribute Will Be Paid to Atlanta's Fore- most Citizen at His Home This Afternoon.

Final tribute to Atlanta's foremost citizen will be paid at 11 o'clock this morning when scores of prominent Atlantans will gather at the Ponce de Leon avenue home of Asa G. Candler, Sr., as the Rev. Franklin N. Parker reads the funeral services for the great capitalist, philanthropist and civic leader, who died shortly after 4 o'clock Tuesday afternoon.

The services will be conducted at this hour in accordance with Mr. Candler's written request that his funeral services be held at his home at 11 o'clock on the second morning after his death. It also was his wish that the death of the Emory theological school perform these last rites and that the funeral be held at that place, accordingly was chosen by the family.

Following the services at the home there will be a simple private burial in West View cemetery.

The city of Atlanta and the Coca-Cola company, the two interests to which Mr. Candler devoted the greater part of his energies, each will honor his memory by marks of respect. The city, Mayor J. N. Ragsdale announced Wednesday, will honor the man who served it as mayor by half-masting the flags at the city hall and at Five Points until after the hour of the funeral and by closing the city hall from 10:30 o'clock this morning until 12:30 o'clock this afternoon. Officials of the Coca-Cola company, made by Mr. Candler into one of the greatest organizations of its kind, will show their reverence for his memory by closing the home offices and all the executive offices throughout the world during the hour of the funeral.

It also was announced Wednesday that out of respect to Mr. Candler's memory operations at the Atlanta Riltmore hotel would be suspended for two minutes at 11 o'clock this morning. An indefinite number of private business houses also will observe the occasion in a similar manner.

All day Wednesday the family was almost overwhelmed by messages of sympathy and by tributes to Mr. Candler. From his adopted city, from his native state and from many points far from either, these sincere messages came from men in many walks of life.

More than a score of prominent Atlantans and Georgians who were close

Where Death Rode at 202 Miles an Hour

Top picture shows wreckage of the powerful Triplex racing automobile in which Lee Bibble was killed while speeding at 202 miles an hour in an effort to set a new world's record at Daytona Beach. A motion picture news-reel cameraman also was killed when Bibble lost control of the 36-cylinder machine. Arrows point to shoe of Bibble, found beside the car after the crash with the lace still tied, and to the hat of Mrs. Bibble, who witnessed the fatal crash, and which is just visible above the machine from the spot where she collapsed. The lower picture shows Mrs. Bibble, in hysterical condition, being escorted from the speedway after the fatal accident. Photos, by Associated Press, were rushed to Atlanta by airplane.

BORAH CHAMPIONS CAUSE OF SNOOK

Senator From Idaho Indi- cates He Will Ask Law, If Necessary, To Bar Pen "Spies."

BY CHARLES MICHELSON.
Washington, March 13.—When Warden John W. Snook, of the Atlanta federal penitentiary voiced vigorous protest against the practice of placing undercover men in his prison, he started a battle which now threatens to spread to both houses of congress and to affect the prohibition enforcement department of the government as well as the department of justice and the department of prisons.

Senator Borah, of Idaho, from whose state Snook comes, today indicated he would ask a congressional investigation and if necessary seek a law compelling the attorney-general to abandon the practice of using undercover agents. First to be hit by such a campaign would be the prohibition bureau, which has frequently broken up liquor rings by working in a detective as a bootlegger.

Borah is an extreme dry, champion of the dry when it was a most question whether there would be a stiff enforcement plank in the republican platform, and the man who is credited with inspiring Hoover's acceptance speech declaration on the subject, so his insistence that the spy procedure must cease has created quite a commotion.

He wrote a letter on the subject to Attorney-General Mitchell on which, the latter has not yet acted. The attorney-general explained today that he hadn't found time yet to discuss the matter with Assistant Attorney-General Mabel Willebrandt, who is said to be seeking the seals of Warden Snook. Borah expects to confer with the new head of the department of justice tomorrow.

The Idaho senator, when asked today if he had mediated would apply to prohibition snipers, said that it would; that he thought the whole system of agents provocateurs was antiquated, and in such cases as concerned the penitentiary could not but have the worst sort of effect on the morale of such institutions.

Borah's activities began with his receipt of a telegram from Representative Boylan, of New York, a member of the prison section of the house judiciary committee, who has agitated the question on that side of the capitol. His message was that Snook had a fine record and that it was a reprehensible thing that the department of justice should seek to get something on him by placing a spy in the penitentiary.

Boylan's letter.

The letter written by Representative Boylan to Senator Borah and Attorney-General Mitchell stated:

"As a member of the house committee to investigate federal prisons, I am familiar with the circumstances of the placing of undercover men by the department of justice in the penitentiary at Atlanta. This is a most reprehensible practice. The practice is subversive of discipline and to the morale of the prison. All penologists strongly condemn it. They hold if a 'warden has not the confidence of the department he should be changed.' I have the greatest faith in the qualifications of Warden Snook and I consider him from my observation as a man eminently fitted for the position he holds."

South Leads Nation In Homicide Records

ATLANTA RATE TRIPLE THAT OF CHICAGO

New York, March 13.—(P.)—The Spectator, an insurance journal, says in its current issue that the homicide record for 1928 American cities for 1928 presents much the same picture, except in certain details, as "the equally lamentable records for 1927."

Based on figures from local boards of health, an article by Frederick L. Hoffman, consulting statistician for the Prudential Insurance company, reports that among the 37,000,000 residents of these cities the homicide death rate for 1928 was 10.2 per 100,000, against 10.5 for the preceding year.

Forty-nine cities showed an increase, while the remainder showed either declines or no change. Memphis, Tenn., had the highest rate in the country and other southern cities made up the list of leaders. Detroit led the cities of 1,000,000 population or more. Many cities had no homicides.

The ten cities with the highest rates are:

City	Rate per 100,000
Memphis	13.7
Birmingham	12.2
Jacksonville	11.7
Atlanta	10.2
Little Rock	10.1
Macon	10.0
Savannah	9.9
Nashville	9.8
Houston	9.7
New Orleans	9.6

The figures for cities in the 1,000,000 population class are:

City	Rate per 100,000
Detroit	12.8
Chicago	10.5
Cleveland	10.4
Philadelphia	10.3
New York	10.2
Los Angeles	10.1

Of the southern cities with the highest rates, Hoffman says they are places "with a relatively large colored population."

"But even when the rates are worked out for the two races separately," he continues, "it is shown that both races in the south have a decidedly higher homicide death rate than in the north, central west or far west."

"The ten cities are all located in states in which the death penalty is enforced with a fair degree of rigorously impartiality, but they are likewise located in states where the gun-carrying habit is common and the sale of firearms and ammunition is practically unrestricted. About three-fourths of all the deaths from homicide in southern cities are due to firearms."

Of the application of the death penalty for murder, Hoffman asserts it is doubtful if the total execution rate reach 200 against a total estimated murder death roll of possibly 12,000 for the nation.

ONE DEAD; 15 HURT IN CHEMICAL BLAST; FIRE SWEEPS PLANT

Buffalo, N. Y., March 13.—(United News.)—The National Aniline and Chemical company's plant No. 12, one of the largest of its kind in the world, was demolished late today by a terrific explosion. One worker, John Dunlop, 35, was killed and at least 15 others were injured, eight perhaps fatally.

Fire swept the plant after the explosion, but was brought under control after several hours by 50 fire companies. The damage was estimated at \$250,000.

GOODRICH TO BUILD HUGE TIRE PLANT EMPLOYING 1,000

\$1,500,000 Structure, Capa- ble of Turning Out 5,000 Tires Daily, To Be Erect- ed at 14th St. Intersection

Plans for erection of a huge tire manufacturing plant in Atlanta were announced definitely Wednesday by T. G. Graham, vice president of the R. F. Goodrich company, of Akron, Ohio, one of the oldest and largest rubber concerns, following unanimous decision on the part of city council to sell the company a tract of 14 to 15 acres at Hemphill avenue and Fourteenth street.

Final conveyance of the tract will necessitate amendment of the city charter by the Georgia legislature, due to a provision in the charter that prevents the sale of any property that had been bought for use of the city waterworks.

The plant will be put into operation as soon as completed, employing 750 to 1,000 employees, at an annual payroll of approximately \$1,500,000 and producing 5,000 tires daily. The initial investment, represented in construction of the first unit, will be \$1,500,000.

The site is located on the northeast corner of Hemphill avenue and Fourteenth street and is bounded in the rear by the main line of the Southern railroad. It is at the edge of the city limits, in the immediate vicinity of the city's waterworks, from which the Goodrich manufacturing plant will obtain the large supply of water necessary. The tract, consisting of about 17 acres in all, is located one mile from the Brookwood station.

The company has been considering construction of the automobile tire and tube manufacturing plant in Atlanta for some time as a step in meeting the growing demand for its products in the southern states, Graham stated.

"The ready cooperation received by city authorities and business and civic leaders was a decisive factor in final selection of the site for our southeast plant," the Goodrich vice president pointed out.

Construction work on the plant will be pushed ahead as rapidly as is compatible with the engineering problems the company planning to have the plant under full production in December, it was stated. Arrangements will be made to enable the handling of future increased production for the southeastern market through enlargement of the plant at a later date to five times its initial capacity, the Goodrich official asserted. The structure for which final details now are being worked out will constitute the first unit.

According to preliminary engineering details outlined Wednesday, the first unit will consist of a single huge building, built up of a series of one and two-story sections, supplemented by a basement under part of the structure. The building will have two wings, arranged in L-shape with the point at the intersection of Hemphill and Fourteenth. Each wing will be 500 feet in length, while on the Hemphill avenue side shipping facilities will extend back to the Southern

NEWS CAMERAMAN RIPPED TO PIECES BY HURTLING CAR

Auto Was Traveling at Speed of 202 Miles Per Hour When Tragedy Oc- curred.

REASON FOR CRASH NEVER TO BE KNOWN

Wife of Driver Witnessed Death—Major Segrave, Record Holder, Aban- dons More Trials.

BY T. R. GILL.
Associated Press Staff Writer.
Ocean Speedway, Daytona Beach, Fla., March 13.—(P.)—Lee Bibble, 42-year-old Daytona Beach garage mechanic, rode to a spectacular death today when the 36-cylinder racing car with which he was attempting to break the world's speed record of 231 miles an hour went out of control and crashed into the sand dunes, striking and killing outright Charles Traub, a news reel cameraman.

The accident, which was one of the most gruesome in the history of beach racing here, occurred immediately after Bibble had crossed the measured mile course at a speed of 202 miles an hour. It was witnessed by a crowd of approximately 20,000 spectators, who lined sand dunes for miles.

Witnesses Tell of Crash.

Roaring over the course at such a terrific speed, the car, owned by J. M. White, of Philadelphia, quickly disappeared in a haze that hung over the beach, and those who sat in the grandstand, a mile away, were unable to see just how the accident happened.

Eye-witnesses, who were standing on the dunes at the end of the mile, declared that Bibble attempted to run too far out on the course near the surf. They said the driver, evidently believing that the car would run into the ocean, lifted his foot too quickly from the accelerator. With the power shut off so suddenly at that speed, the car started to swerve from the course.

Witnesses said Bibble probably slammed on his brakes and attempted to swing the machine back into control, but in doing so, he turned the wheel too far. The machine went out of control, spun around twice on the beach, and turned over. It bounced high into the air, going to a barrel roll and smashed into the dunes with a terrific impact. Traub, who was standing on the beach taking pictures of the race, attempted to get out of the way, but the car was traveling too fast.

Traub was struck squarely by the speeding car just before it crashed into the dunes. Bibble's body was hurled on top of the dunes, while the rest of it was strewn down the sand for 300 yards.

While the car was turning over, and just before it struck the dunes, Bibble's body was hurled from the machine.

How To Be Happy-- Though Poor!

The answer is to refuse to be content with your lot; get in line to climb up the ladder to better things in life. Just remember that "clothes make the man", so dress up and look prosperous if you want prosperity to come your way.

In the process of dressing up, let Constitution ads be your guides to style, quality, economy and satisfaction. They represent the best to be had at prices most to your advantage.

Advertising in The Constitution Pays the Advertiser and Saves the Buyer.

TWO WEEKS' REVIVAL

Rev. Bellingrath To Begin
Ormswood Park Series
Sunday.

The Rev. George C. Bellingrath, director of religious education for the

synod of Georgia, Sunday will begin a two-week series of evangelistic meetings at the Ormswood Park Presbyterian church.

Mr. Bellingrath will speak each night at 7:30 o'clock with the exception of Saturday nights, when no services will be held. Special musical programs have been arranged for the meetings and the public is invited to attend.

GEOLOGIST LAUDED

Work of McCallie on Marble
Report Praised.

Many expressions of praise for a recent report on the Tate marble district of Georgia prepared under the direction of Dr. S. W. McCallie, state

geologist, have been received from eminent geologists of this country and foreign countries. It was announced at the regular quarterly meeting of the state board of geology held Tuesday in the office of Governor L. G. Hardman.

Preparation of this book was one of the outstanding tasks of the department during the first quarter of 1929. Dr. McCallie submitted a detailed report of the work of his department, which was approved by the board.

Women, Children
Among Prisoners
In Federal Court

Birds of a feather probably do flock together, but it's also true that dodging the prohibition laws makes strange bedfellows, so to speak, and this was ably demonstrated in Judge Sibley's United States court Wednesday when men, women and children, some "no bigger than a gallon of whiskey," some crippled and some in good health, entered pleas of guilty and received their sentences.

Mattie Brown, an aged woman, was put on two years' probation on a prohibition violation charge; Eloise McHenry, a 15-year-old girl, was given a year's probation; Nellie McCarver, another comparative youngster, was given a \$10 fine, as she had already been in state court, and Frank Hall, said to be totally blind, was given a \$50 fine.

Other prohibition violation sentences included E. Edelman, who was given two months on a possession charge; Dave Chatman and Beulah Bradford, who were given three months each; Ole Elrod and John Moore, who were also given three month sentences. Willie Sullivan and J. H. Smith were given fines of \$150 and \$50, respectively.

Jake Hall received a sentence of a year and a day on a charge of transporting a motorcycle from Chattanooga to Atlanta in violation of the motor vehicle theft act.

GA. INDUSTRIAL HOME
IN FINANCIAL DISTRESS

Macon Institution for Children
May Be Forced To
Close Its Doors.

Macon, Ga., March 13.—(Special.)—The financial condition of the Georgia Industrial Home, local institution for dependent children, was reported to be in deplorable shape and in dire need of replenishment, according to a statement made by J. A. Harris, general manager, of the home.

"The past year has simply been a nightmare to us at the Georgia Industrial Home," Mr. Harris stated. "For some reason, due to hard times or otherwise, our contributions have dwindled until at present we are receiving practically nothing at all. Since the home is kept up entirely by voluntary contributions, our condition is serious."

GA. 'U.' STUDENTS HEAR
ATLANTA CLERGYMAN

BY CHARLES MARTIN.

Athens, Ga., March 13.—(Special.)—Religion not only influences an individual's proficiency in a life vocation but the motives which actuate the conduct of business, declared Dr. Witherspoon Dodge, prominent Atlanta clergyman, who addressed the school of commerce at the University of Georgia here today on "Religion and Business."

A person with true religion is not content to become a quack or a jackleg, nor will he devote his energies in business entirely to the making of money, Dr. Dodge said. Dr. Dodge was invited here by Dean R. P. Brooks.

JONESBORO RESOLUTION
SEEKS NATURAL GAS

Jonesboro, Ga., March 13.—(Special.)—A resolution was unanimously adopted here by the city council requesting the Atlanta city council to favorably consider the application of the Southern Natural Gas company for a franchise to serve Atlanta with natural gas.

Reason for the request was given that unless Atlanta does grant this franchise, the city of Jonesboro will continue to be deprived of gas for many years to come because of its small population. If the franchise is granted, gas from Atlanta to Jonesboro will be installed.

MARRIED 36 YEARS,
ATLANTA WOMAN
IS ASKING DIVORCE

Mrs. Iuda Holt Limbo, after 36 years of married life, has filed suit in the Fulton superior court seeking a divorce from William H. Limbo.

In her petition, Mrs. Limbo sets out that her husband was "habitually intoxicated" and that all her efforts, through the many years of their wedded life, failed to break him of his drinking habit.

Mrs. Limbo asserts that she and her husband were married in Tennessee on December 24, 1893, and that they separated March 11, 1929.

W. & L. E. CONTROL
BY OTHER ROADS
IS HELD ILLEGAL

Washington, March 13.—(AP)—Ownership of the control of the Wheeling & Lake Erie railway by the Baltimore & Ohio, New York Central and Nickel Plate railroads was declared by the interstate commerce commission today to constitute violation of the Clayton anti-trust law. The three trunk lines were ordered to divest themselves of the control within 90 days.

CURTIS IS BASKING
IN SUNLIGHT
AT MIAMI, FLA.

Miami Beach, Fla., March 13.—(AP)—Vice President Charles Curtis, who is visiting Mr. and Mrs. A. D. Lasker at their home here, expected to spend today basking in the sunlight along the seashore here. He believed, from what his northern friends had told him, that sunlight would be beneficial to numerous twinges of rheumatism he has felt since he rode through the rain in the inaugural parade in Washington March 4.

The "basking in the sun," which he has frequently referred to since he came here Monday night, was the only feature on the vice president's program for today.

He expects to go on a deep sea fishing trip tomorrow with Mr. Lasker, his host, and later in the week will be the guest of honor at two receptions. One of them will be held Friday night by the committee of 100, a local organization, and the other will be tendered Mr. Curtis by a number of Kansans, winter residents in Miami and Miami Beach.

SON OF FUNSTON
LEAVES INFANTRY
FOR AIR CORPS

Washington, March 13.—(United News.)—Frederick Funston, Jr., son of the captor of the Philippine nationalist Aguinaldo, has chosen to make a career for himself in the army air corps, the war department announced today. The late general's son was graduated from West Point in 1927 and assigned to the infantry, but now has been transferred to the air corps at his own request.

Jail Criticism
Unjust, Declares
Thomas Mimms

Recent statements appearing in nationally circulated magazines attributed to the national crime commission in which the Georgia county jail system is severely condemned, are "untrue and unjust," according to a statement made public Tuesday by Thomas B. Mimms, director of jail inspection of the state department of public welfare. The report of the national crime commission is "misleading," according to Mr. Mimms, for the reason that it was prepared from an old pamphlet which was published in 1921.

Discussing the statements, Mr. Mimms said: "Publications have quoted the report and have given the impression that the national crime commission actually surveyed some of Georgia's jails—when as a matter of fact the commission has not been near Georgia. It knows nothing about here and did not take the trouble to find out anything accurately."

"Georgia's county jails are unique in that prisoners are held there only to await trial—not to serve sentences as in most other states. Georgia should have been commended for this but was not. The average length of detention in jail is only 17 days and in this respect Georgia can challenge any other state."

Mr. Mimms' statement said there is no jail in Georgia caring for as many as a thousand prisoners in a year where the fee system, severely criticized in the crime commission's report, is used. He said there are only five large jails in the state and in each of these the county pays the official salaries and pays the necessary operating expenses.

LINDBERGH STARTS
HOMEWARD FLIGHT
TODAY, IS REPORT

Mexico City, March 13.—(United News.)—Colonel Charles A. Lindbergh plans to start tomorrow morning for the United States, it was said on reliable authority tonight.

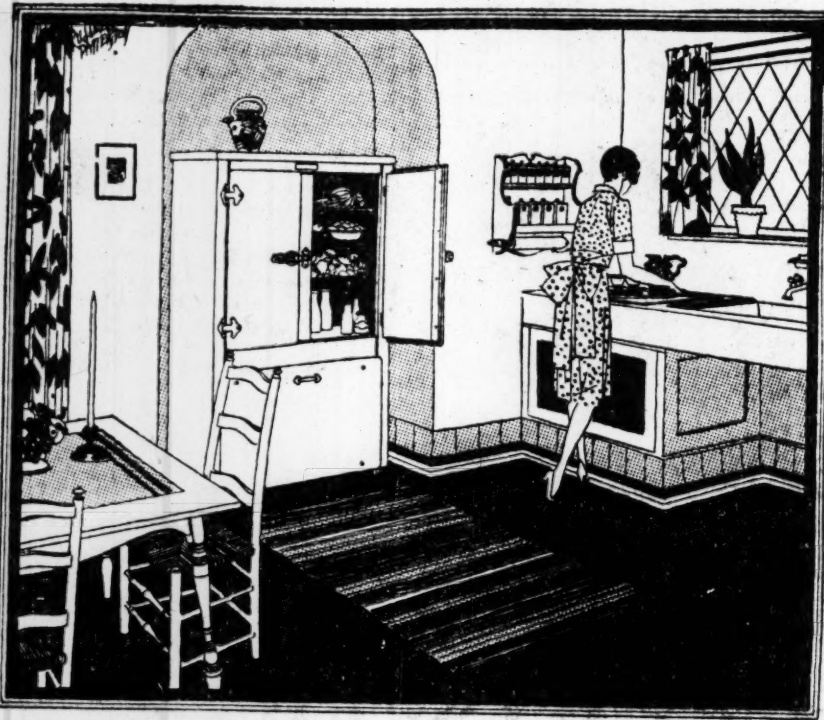

Lindbergh will fly via Tampico to Brownsville and from there to New York, it was understood.

TWO TEXAS MEN
FALL TO DEATH
AS PLANE CRASHES

Amarillo, Texas, March 13.—(AP)—Robert C. Poole, prominent Amarillo business man, and Harold Dunwoody, captain of the Amarillo police traffic squad, crashed to their death near the English-Bivins airport late today. The plane, owned and piloted by Poole, stalled at about 300 feet.

Mark a Big Circle
Around March 18--The Grand Opening Day of An Event Arranged Especially for You.

Atlanta's 2nd Annual

EASTER
FESTIVALStill better Frigidaires
at still lower prices

Savings of as much as \$90
on some models

SHARING the benefits of increased sales volume with the public... this has been the policy of the Frigidaire Corporation since Frigidaire was first placed on the market.

And as a result of this policy you are today offered greatly improved Frigidaires at the lowest prices in Frigidaire history.

The Frigidaire compressor is incredibly quiet... so quiet that you don't hear it start, you don't hear it stop, you don't hear it run. Yet it is powered to meet the heaviest demands without strain or effort... powered to freeze ice cubes and desserts easily and quickly... powered to maintain low uniform temperatures winter and summer... year after year.

And the compressor is out of sight and out of the way... placed in the bottom of the cabinet or in the basement, whichever you prefer. There

is no exposed mechanism to catch dust or dirt.

From top to bottom, the interior is arranged to save you time, work and trouble. Shelves are removable and are waist-high from the floor. No stooping is necessary. The lining is of seamless porcelain enamel with rounded corners... clean and easy to keep clean.

Call at our display room and see Frigidaire... see the new Cold Control which speeds the freezing time of ice cubes and desserts. Let us tell you about the new low prices... reductions that offer savings of as much as \$90 on some models. And let us show you how easily you can buy Frigidaire on the General Motors liberal payment plan.

Consider these New Frigidaire features

- 1 So incredibly quiet you don't hear it start, stop, or run.
- 2 Complete simplicity... plug it into a convenient electric outlet and forget it.
- 3 Easily portable... can be moved anywhere.
- 4 Mechanism completely concealed... out of sight... out of mind.
- 5 Cold Control... offered only on Frigidaire.

Hoover's Oil Land Order Raises Comparison With Roosevelt at Washington

Sweeping Actions Emphasize Change of Atmosphere in Nation's New Executive Mansion.

BY MARK SULLIVAN.
Washington, March 13.—(Special.) As Washington realized the scope of

Mr. Hoover's order conserving all government-owned oil lands, it was inevitable that comparison with Roosevelt should appear in the estimates that Washington is now making of the new president. Roosevelt's sweeping actions in the interest of conservation were one of the foundation stones of his reputation. Roosevelt's orders of withdrawal were no greater, as respects area affected, than Mr. Hoover's present order. Roosevelt's action was more sensational because at

that time the very idea of conservation was new and was contrary to the almost universal attitude about public land. Also Roosevelt's manner in making his order was sensational. The Roosevelt order was universally popular in the east. In the west, however, there was some criticism. In western states many persons feel that progress is retarded by the withdrawal from development of millions of acres owned by the federal government.

As respects President Hoover's present order, persons from the west who called on him in a spirit of inquiry found that his conservation policy is founded upon intimate and detailed knowledge of the conditions. Whether opposition will arise in the west remains to be seen. So far, several western senators have approved the policy. They include Borah, of Idaho, and Nye, of North Dakota, two of the states most affected by the new order.

Mr. Hoover's order about oil and some other of his actions have been taken as the basis of newspaper dispatches which emphasize "alteration of entire atmosphere of the white house."

Early Impression.
That estimates of new presidents should be expressed within 10 days of inauguration may not be logical, but is according to nature nevertheless. The early impression is often a matter of accident, depending upon what arises for the new president to act upon. The first duty that came upon President Hoover in the nature of a surprise or emergency was the revolution in Mexico. As to that event, the common judgment of Washington is that Mr. Hoover made an impression of vitality and prompt decision upon a course.

As regards creating the popular picture of a new president, decisiveness in acting upon some one course is as important as the soundness of the course. Mr. Hoover came through the emergency with better fortune than Woodrow Wilson. Mr. Wilson, early in his administration, and before the public had formed a complete picture of him, had to deal, just as Mr. Hoover has, with trouble in Mexico. Wilson's course was such as to give his critics and opponents, at least, room to describe it in terms of decision.

There was at that time a popular dance, called briefly, "The Hesitation." As it was the beginning of a period when able folk adopted a vogue of participating in "young folks' dances, literally almost everybody was learning the "Hesitation." Taking advantage of that opportunity, Wilson's opponents described his Mexican policy as "one step forward, two steps backward, hesitate, side-step."

That early and not very fair picture of Wilson lasted longer than it deserved to. It helped enable Wilson's critics, two years later, when the world war came, to persuade the public that Wilson was more hesitant and vacillating than in fact he was about that crisis.

INTEREST SHOWN IN BOOK EXHIBIT BY "PEN NOBILITY"

The foremost literary personages of the nation have expressed wholehearted approval of the purpose of the southern book exposition to be held from March 16 to 23 in the book shop of M. Ilich & Bros. company, according to announcement Wednesday by Miss Agnes Kendrick Gray, director of the event.

"From all parts of the country and particularly from the south," Miss Gray declared, "literary men and women of international reputation have written me assuring me of their deepest sympathy with and approval of the exposition, which is designed to promote appreciation of the works of southern writers."

"Among those who have expressed regret that they would not be able to attend, but who assured me of their best wishes in the work, are Ellen Glasgow, James Branch Cabell, Dorothy Dix, H. L. Mencken, Barry Benefield, Marjorie Chapman, William Alexander Percy, Archibald Henderson, Stephens Burt, Isa Glenn and many others. Their letters will constitute an interesting exhibit at the exposition."

The southern book exposition is designed to promote appreciation of the works of southern writers in all lines of literary endeavor. A number of outstanding authors will be guests of honor and books from southern pens will be featured.

Rev. James I. Vance, Leading Churchman, To Preach in Atlanta

The Rev. James I. Vance, D. D., pastor of the First Presbyterian church of Nashville, Tenn., who was selected as one of the 25 leading churchmen and ministers of America in a contest conducted by the Christian Century, a religious weekly published in Chicago, will occupy the pulpit at Central Presbyterian church for a series of services beginning Monday, March 18, and extending through March 24, it was announced Wednesday.

Dr. Vance is a native Tennessean, born at Arcadia, Tenn., on September 25, 1862, the son of Charles Robertson Vance and Margaret Jane Newland Vance. He was educated at King college, Bristol, Tenn., and Union Theological seminary, Richmond, Va. He is an A. B., A. M., D. D., and LL.D. He has been honored by election as moderator of the Presbyterian church in the United States, chairman of executive committee of the federal council, chairman of the executive committee of foreign missions of the Southern Presbyterian church, director of Southern university and chairman of Protestant relief in Europe.

CORRECT USE OF WORDS

Important to Every Individual.

A man is rated by the words he uses. The possession of an accurate correct vocabulary often means the difference between success and failure. For a mere trifle you can have the latest and most desirable list of the New World Dictionary Based on the Original Webster, Entirely New.

The Dictionary coupon is printed daily in this newspaper. Three coupons clipped on consecutive days are required to obtain this superior volume at a nominal rate. Mail orders will be filled when postage is added as explained in the coupon.

ESCAPES CAPTURED

Two Who Fleed Pickens Gang Are Retaken.

Notice of the recapture of two of the nine prisoners who recently escaped from the Pickens county chain-gang was received Tuesday at the office of the state prison commission. The two men recaptured were Michael Herbert, of Atlanta, serving a sentence of from 12 to 20 years on a charge of burglary, and Robert Gilreath, sentenced in Douglas county to serve 12 months on a larceny charge. The other seven men who escaped still are at liberty, according to the report.

PERRY AGAIN HEADS SERVICE COMMISSION

Chairman of State Group Renamed by Unanimous Vote.

James A. Perry, chairman of the state public service commission, was reelected chairman of that body at a session held Tuesday. He was reelected by the unanimous vote of the commission, all members being present. He will succeed himself at the end of his present term.

JAMES A. PERRY.
At the end of his present term, Albert J. Woodruff, of DeKalb county, was reelected vice chairman, also by unanimous vote of the commission. Mr. Perry has served as chairman

of the commission for several years, being elevated to that post at the death of the late Paul B. Trammel. Mr. Woodruff was elected as vice chairman to succeed the late O. R. Bennett, of Eastman.

Prior to his election as a member of the commission in 1911 Mr. Perry served as mayor of Lawrenceville, Ga., as representative of Gwinnett county in the state legislature and in other responsible posts. He has served as head of the grand lodge of the Independent Order of Odd Fellows. Mr. Woodruff served as representative in the legislature from DeKalb county prior to his election as a member of the commission. He is president of the Woodruff Machinery company, of Atlanta.

Cure of Cancer To Be Stressed At Health Exhibit

Much stress will be laid upon the prevention and cure of cancer at the Good Health exposition to be held in the city auditorium the week of April 8 by the Junior Chamber of Commerce according to an announcement Wednesday by Joe W. Ray, chairman of the exposition committee. The prevention and control of cancer depends largely upon regular health examinations, according to medical authorities, and the Junior Chamber of Commerce, through its good health movement, is urging that everyone submit to a thorough health examination once a year, Mr. Ray stated.

Mr. Ray pointed out, however, that public health authorities advocate, particularly, frequent health examinations for young children, particularly babies, and for those past middle age, as these classes are said to be more susceptible to various ailments than are persons in youth or the prime of life.

Mr. Ray said that there is a standard form for these examinations providing for grading on the various points and showing the subject the exact condition of his health. He also stated that any member of the Georgia Medical association is qualified to give these examinations at a low standard fee within the reach of everyone.

ment, is urging that everyone submit to a thorough health examination once a year, Mr. Ray stated. Mr. Ray pointed out, however, that public health authorities advocate, particularly, frequent health examinations for young children, particularly babies, and for those past middle age, as these classes are said to be more susceptible to various ailments than are persons in youth or the prime of life.

CAPT. S. E. MOSES POINTS OUT NEEDS FOR AIRPORT HERE

An address by Captain Stanford E. Moses, United States navy, retired, on the pressing need of developing adequate airport facilities here, featured the bi-weekly meeting of the Atlanta Foreign Trade Club at the Chamber of Commerce building.

Captain Moses stated that the southeast was somewhat behind in the matter of recognizing the growth and importance of the aviation industry but that it was not yet too late to take the necessary steps to get abreast of the times. He pointed out that At-

lanta was in grave danger of losing its position as an air center of importance unless sufficient airport facilities were soon provided.

LAXATIVE TABLETS**

When Pain Comes

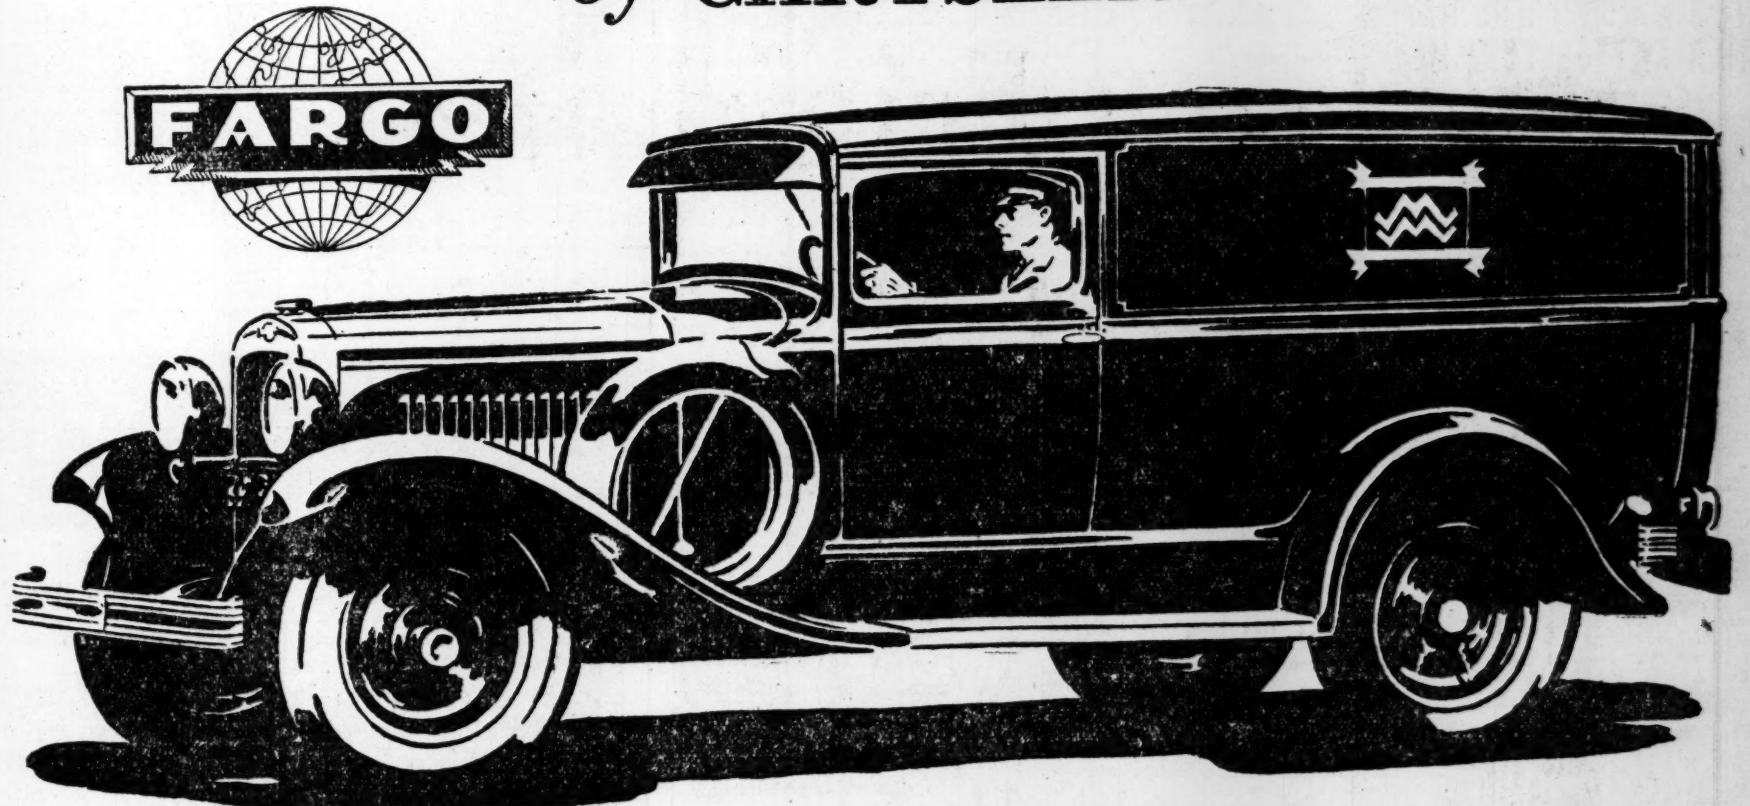

Two hours after eating

What many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia. It has remained the standard with physicians in the 50 years since its invention. One spoonful of this harmless, tasteless alkali in water will neutralize instantly many times as much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.—(adv.)

FARGO

Now, a NEW SERIES of
COMMERCIAL CARS and TRUCKS
by CHRYSLER

Now, in the New 1/2-ton Fargo Packet and in the 3/4-ton Fargo Clipper—first of a new series of delivery trucks—Chrysler enters the commercial car field. Announcement of the 1, 1 1/2- and 2-ton trucks will be made later.

The New Fargo Packet and Clipper bring to the business world commercial cars, designed and built for commercial purposes, which are in themselves advertisements of the progressiveness, high standing and efficiency of the merchants whom they serve.

In both the one-half and the three-quarter ton capacities—four-cylinder and six-cylinder types—Fargo clearly establishes the results which artistic designing skill can produce in cars of strictly utilitarian purpose. Here, for the first time in standard production, you obtain the type of construction and the

distinctive appearance you have in the past expected only in special custom-built commercial bodies.

To this entirely new phase of practical beauty, the New Fargo adds a new degree of economy in operation, dependability, service assurance and performance brought about by engineering developments in its "Silver-Dome" high-compression engine, using any gasoline.

We will gladly arrange to demonstrate the superiority of the Fargo—and to prove to you the economic advantages which Chrysler now makes available for your business cars.

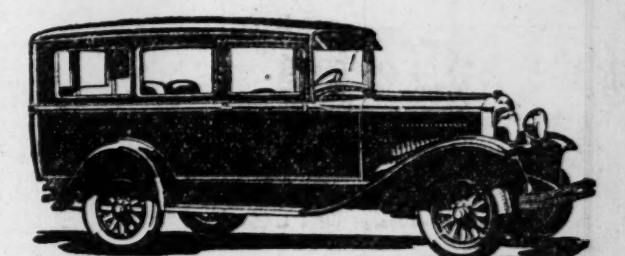

Fargo 1/2-Ton Packet Prices—Panel \$795; Sedan \$895; Chassis \$545. Fargo 3/4-Ton Clipper Prices—Panel \$975; Sedan \$1075; Chassis \$725.

Prices of the Fargo 1, 1 1/2- and 2-ton trucks will be announced later. All prices f. o. b. Detroit. Fargo dealers are in a position to extend the convenience of time payments.

FARGO PACKET PANEL (Complete with Body)

DR. GARVIN SPEAKS TO DENTISTS HERE

Dr. Celia Rich Presides Over
Academy of Periodontology.

Dr. M. H. Garvin, of Winnipeg, Canada, president of the Canadian Dental association, was principal speaker Wednesday at the meeting at the Biltmore hotel of the Southern Academy of Periodontology. The session was presided over by Dr. Celia Rich, chairman of the academy, and one of the best known women in the profession.

Dr. Garvin spoke on "A Consideration of the Problem of Periodontal Treatment for the Average Citizen." Dr. A. K. Parks, president of the National Society of Denture Prosthetists, gave an illustrated lecture on the "Importance in Periodontal of Maintaining the Correct Vertical Dimension." A clinic under the direction of Dr. Garvin was held in the afternoon.

"B-C" Stops Headaches and Quiets Nerves

When one of those sick, raging headaches come, and you want relief in three minutes, go to your drugist and ask him for a package of "B-C," the wonderful new prescription of a North Carolina druggist that is guaranteed safe and speedy, with no depression or bad after effects. "B-C" relieves any kind of a headache, sciatic or neuralgic pains, because it contains five ingredients that function together for the relief of pain, regardless of its origin. The "B-C" formula is one of the most important medical discoveries of recent years, accomplishing its work in a few minutes, what no other drug preparation can do under one to three hours.

Sold by all druggists in 10c and 25c packages.

Don't "Dose" Headache

RUB forehead and temples with Vicks; also melt in hot water and inhale the vapors.

This clears the head and usually brings quick relief, especially in those cases which so often accompany colds.

If headaches come too often, consult a physician.

Active Liver Vigorous Body

Your doctor will tell you that most of your ills are due to disordered liver and bowels, causing poisonous body waste to seep into your blood, undermining your whole system.

Dr. Tutt's Pills are a quick, sure remedy for this condition. They help make the liver active, cleanse the entire bowel tract and bring about a healthy, vigorous tone to the whole body.—(adv.)

Pile Sufferers

Can You Answer These Questions?

Do you know why ointments do not give you quick and lasting relief? Why cutting does not remove the cause?

Do you know the cause of piles is internal?

That there is a stagnation of blood in the lower bowel? Do you know that there is a harmless internal remedy discovered by Dr. Leonard and known as HEM-ROID, now sold by Jacobs' drug stores and druggists everywhere, that is guaranteed?

HEM-ROID banishes piles by removing the cause, by freeing blood circulation in the lower bowel. This simple home treatment has an almost unbelievable record for sure, safe and lasting relief to thousands of pile sufferers, and saves the needless pain and expense of an operation. Don't delay. Try HEM-ROID today.—(adv.)

Removing Body of Auto Racer

Removing the body of Lee Bible from the Daytona Beach speedway, where he was killed late Wednesday afternoon when the 36-cylinder Triplex racer got beyond his control while traveling more than three miles a minute. Photo by Associated Press.

TWO ARE KILLED IN DAYTONA CRASH

Continued From First Page.

onto the beach. Witnesses said he attempted to sit up, gasped, and fell back on the sand, dead.

The Triplex held the world's record of 207 miles an hour before Major H. O. D. Sagrave, of England, hoisted the mark up to 231 last Monday. After rolling for several hundred feet over the beach, it struck the high dunes, and rolled back into the course, right side up. All four wheels were torn loose from the car and one of them rolled across the course into the surf. None of them blew out, however.

Motor Torn Loose.

The car was demolished beyond repair. The front 12-cylinder motor was torn loose from the frame, but the two rear motors remained in place. The steering wheel was broken and the hood and cowlings stripped from the machine.

Bible never had driven a race car, except at a few small dirt tracks in Florida and the middle west and had staked his life on the opportunity to make a name for himself given him by White, who took a fancy to him because of the thorough mechanical work Bible had done on the Triplex.

When White brought the car here last year, he stored the car in Bible's garage and turned the majority of the mechanical work on it over to him. After Ray Keech, of Philadelphia, drove the Triplex to a record of 207 miles an hour at that time, Bible felt the urge to again return to the racing game, and asked White to let him drive the car this year.

White said he had taken a particular liking to Bible, and because of the work the mechanic had done on the car, decided to let him drive it this year in "repayment of all the things he did for me."

When the golden opportunity presented itself to Bible, he made application for membership into the A. A. A., so that should he break the record, he would be officially recognized. Officials of the organization, however, held up the application until after he could make several test runs to prove his competency as a driver of such a high speed car.

Bible made two test runs in bad weather yesterday, attaining a speed of 190 miles an hour. When he brought the machine onto the beach today, he sent it roaring south over the course on a preliminary trial at a speed of 180 miles an hour.

Starts on Tragic Run.

After making a careful inspection of the machine, Bible then climbed into the cockpit and sent it speeding northward on what proved to be its last and tragic run. He was timed on his second trial at 202 miles an hour, and hardly a second had elapsed after he crossed the finish line when the car went out of control.

A light mist, kicked up by the pounding surf near by, hung over the course, and it was impossible for those in the grand stand a mile away to see just what happened. The sand dunes for miles, however, were lined with spectators and those who were standing at the north end of the course and witnessed the tragedy saw it distinctly.

Bodies Badly Mangled.

Bible's body, which was thrown from the machine as it rolled over the beach, was badly broken. His head was mashed and his arms and legs were broken. Traub's body, which was cut in two and mangled beyond description, was hurled in all directions, part of it being thrown 300 feet away.

Bible is survived by a widow and two children, while Traub, who had been a news reel cameraman for several years, is survived by a widow. Traub was about 30 years old.

Both bodies were picked up, placed in an ambulance and taken to a mortuary. It was some time after the accident, however, before the wrecked machine was loaded onto a truck and hauled to Bible's garage.

White did not witness the accident, as he was at the south end of the course when it happened. He trailed along in a car over the beach, afterward, as he always did when Bible made his preliminary runs, and did not know of the accident until he came upon the crowd standing around the machine.

Trembling and shaking and with tears rolling down his cheeks, he was helped into his machine and taken to his hotel on the verge of collapse.

After Bible had gone north on his last and fatal run, the crowd, which had stood up in the grandstand and gave him a mighty cheer as he roared by, sat calmly down again as the machine disappeared in the haze, thinking that the driver had made his run successfully and was preparing for another run.

Suddenly the telephone, which connects each mile post along the nine-mile course, jingled in the timing pit, and the electrician at the finish line announced that the car had gone out of control. At that time, however, the electrician did not know whether Bible had been killed, but a few moments later, after going to the scene of the accident, notified officials that Bible's last run had been fatal.

Women Hysterical.

When the news was announced to the crowd, panic reigned for a moment, but the officials quickly brought the spectators under control. Several women swooned while others were hysterical.

but police kept the majority of them in check.

There were several hundred spectators standing on the dunes when the speeding car went out of control and they narrowly escaped death when it struck the dunes almost at their feet.

No Investigation.

No official investigation into the crash will be made, Mayor E. H. Armstrong said, because of the impossibility of determining the cause of the accident.

The international speed meet, sanctioned by the American Automobile association, to extend to March 17, was declared ended today immediately after the crash.

Major Sagrave said he would not make any more attempts at this meet to break his own record of 231 miles an hour and this left no more trials to be made.

Val Haysenue, secretary of the association's contest board, who officially closed the meet, called a conference with T. E. Myers and Tommy Milton, famous racing driver, both members of the contest board.

The following statement was issued:

Accidents Inevitable.

"The contest board regrets greatly the accident. It has no statement to make as to the possible cause. The Triplex driver was driving quite steadily past the officials' stand and through the measured mile. What happened, occurred so quickly and the car was so completely demolished that no investigation could possibly determine the real cause of the crash. We take it as a part of the development work in the design of automobiles. It is inevitable that such accidents will occasionally happen."

Lee Bible "did not sacrifice his life in vain," Major Sagrave said tonight.

In a tribute to the garage mechanic Major Sagrave said "It is just one of those things which occasionally happen and which must be expected in the development of high speed racing."

Did Not See Crash.

The major did not see the crash which was hidden from the grandstand where he sat by a low wall which the hurtling car had disappeared after flashing across the measured mile at a speed of 203 miles per hour. "It is most impossible to tell the cause of accidents like that," said Major Sagrave. "The car always is completely demolished and we never know exactly what happened. When Bible went by the grandstand, he seemed to be all right and to have the car under control."

"I watched it go down the course and everything seemed to be lovely until the car suddenly went out of control. It was too bad, but just one of those things which you have got to expect."

Bible Second Racer
TO DIE IN YEAR.

New York, March 13.—(AP)—Almost a year ago Frank Lockhart, an American automobile racing champion, was killed at Daytona Beach during an attempt to set a new world record, just as Lee Bible was killed today.

Just ask for McCoy's Tablets at Jacobs' drug stores or any drug store in America.—(adv.)

THE CONSTITUTION, ATLANTA, GA., THURSDAY, MARCH 14, 1929

It blew a tire as it neared the timing wire. Hurling end over end, it jumped four times into the air and traveled 1,000 feet before it came to rest in the sand.

The driver's unconscious form was tossed from the tumbling machine as it somersaulted down the beach, and at the hospital, where he was taken, doctors said he had died almost instantly.

Lockhart died on April 26, 1928, in his second unsuccessful attack on the record. On the previous February 22 he had skidded into the ocean during a speed trial not half a mile from the place where he was later killed.

As he took his last ride, Lockhart's wife sat in an automobile on the beach and witnessed his spectacular death. She saw the Stutz fly into the air and she jumped to the sand. Her husband's body fell almost at her feet as she ran to his aid.

EASTER FESTIVAL

20 years

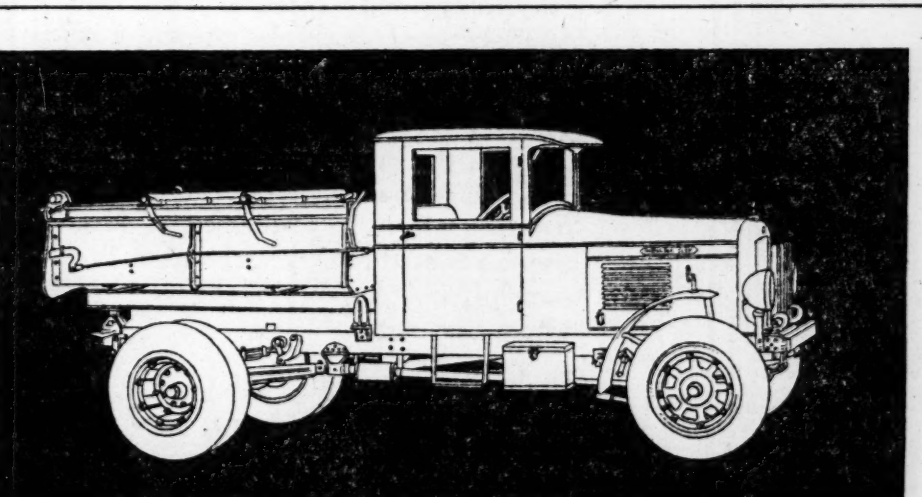

of progressive engineering are incorporated
in these 1929 Indiana Sixes

MODEL 200 One ton, Six cylinders. Four-wheel brakes. Chassis \$1195 f. o. b. factory.

MODEL 400 Two-ton, six-cylinder model with four-wheel brakes. Chassis \$2495 f. o. b. factory.

MODEL 615-A. Road Builder. Capacity two 7-bag batches. Six cylinders. Powerful, rugged. Chassis \$3070 f. o. b. factory.

THE new Indiana Sixes are the last word in specialized truck construction. They comprise every up-to-the-minute feature of design that engineering science has contributed to modern performance. Today the fast, sturdy new models offer an unparalleled value to the truck buyer looking for service and results.

These modern trucks pay their way with more than a record of endurance and low upkeep. They are also important savers of time and energy—second-splitters in get-away—machines that operate with the ready speed, eager power and easy control of boulevard traffic. Trucks that can be driven faster and farther in a day, with less effort.

You will find such trucks in the handsome new Indiana models—trim, sturdy, extra well-built, and truly economical in their records of performance. Six and four cylinder models—1 to 7 ton capacities. The patented Tors-Elim cab and radiator mounting gives them an exceptional riding ease and almost complete freedom from stress and strain. These trucks are modern in every sense of the word. Built to meet your particular transportation requirements.

Now the world's third largest exclusive truck manufacturing organization

Through a merger with the Brockway Motor Truck Corporation there is behind the Indiana Truck an organization which is one of the three largest manufacturers of motor-trucks exclusively—an organization that is the most outstanding example of specialized motor-truck construction in the country. An organization of great financial strength, invaluable good-will and assured continuance in business. An organization doing business in 85 countries and having more than 350 points of sales and service in the United States alone—including 43 factory branches.

Let a demonstration show you new high standards for truck performance and driving ease.

12 PRIVATE GEORGIA BANKS CLOSE DOORS

L. B. Holt, President of Institutions, Says Depositors Will Not Lose Penny.

Sandersville, Ga., March 13.—(AP)—L. B. Holt, president of the Holt Banking company, operating 12 small private banks in South Georgia, announced today that the banks had been closed.

Total deposits of the banks totaled a little more than \$100,000 with approximately \$30,000 in cash on hand and other assets of between \$200,000 and \$250,000. S. L. Holt, son of the president, said tonight speaking for his father.

Closing of the banks was occasioned in addition to other conditions, by "financial depression created by bad crop conditions throughout this territory," S. L. Holt said, adding, "None of the depositors will lose a penny. We hope to be in a position to reorganize and be back in business in ten days."

The younger Holt said that in addition to the assets of the banks, his father, who is prominently identified in business here, had ample personal assets to back the banks.

The banks closed today were located at Avera, Bartow, Ludowici, Cobbtown, Harrison, Warthen, Davisboro, Alma, Register, Mansfield, Midville and Rocky Ford.

The Holt banks are private banks and are not under the supervision of the state banking department, it was pointed out Wednesday night by Albert B. Mobley, state superintendent of banks. An effort was made, he said, at the last session of the legislature to bring all private banks under the jurisdiction of the state banking department.

The Holt banks will be placed in receivership in the state court just as a private business or mercantile concern.

BODY OF ALABAMA MAN SENT TO HOME; CHARGES WITHHELD

Mobile, Ala., March 13.—(AP)—As the body of Manuel Foster, 40, was shipped this morning to Bay Minette, former home, for burial, federal and county officials refused to divulge whether or not charges would result after the man's slaying during a joint liquor raid in Baldwin county Friday afternoon.

Foster died at a local hospital after his condition had been guarded with secrecy for four days. He was shot in the back by a general fusillade of shots fired by county deputies and prohibition agents while attempting to flee from a raided still, Sheriff Curtis Irwin, of Baldwin county, and A. W. Hargett, local prohibition administrator, announced.

L. H. HILL, OF NEWMAN, NAMED BANK DIRECTOR

L. H. Hill, president of the Newman Cotton mills, was named a director of the Citizens and Southern National bank, Atlanta office, it was disclosed Wednesday following the monthly executive meeting of the bank.

Mr. Hill is well known throughout this section, having been in the cotton industry at Newman for 25 years. He is a director of the Newman hospital, the Coweta Fair association and the First National bank of Newman.

Heavy Rainfall In State Brings Flood Warning

With varying amounts of rain reported Wednesday from practically every section of the country and with the official forecast for Atlanta and vicinity today calling for rain, rain and more rain, C. F. von Herrmann, local bureau chief, stated Wednesday afternoon that another marked rise in the Chattahoochee is indicated for the next several days and that precautions should be taken.

While not fearing any serious consequences as the results of the unusual amount of precipitation, continuation of the present conditions

undoubtedly will cause another rise, he stated, although an official check-up this morning will be necessary before this can be determined exactly.

An unusually large number of stations reported various amounts of rain Wednesday as the result of an atmospheric disturbance in the northwestern part of the country, while a secondary depression over southern Texas made precipitation general over the Gulf states.

With the exception of the Rocky Mountain region, mild temperatures are accompanying the rains, the range here Wednesday being from 56 to 61, with approximately the same figures expected today.

Precipitation here Wednesday morning had totaled .65 on an inch, which was added approximately .75 more before nightfall. This, added to the previous 3.88 inches, which were recorded prior to Tuesday, brings the total for the first 12 days of March almost up to the average for the entire month, 5.31 inches.

The total so far for 1929 is approximately 18.50 inches, an excess of over six inches. The accumulated excess so far this month is about 3 inches, and, to quote Mr. von Herrmann, "the outlook is not bright."

BUCKLEY GETS TWO YEARS IN FEDERAL PRISON AT ATLANTA

Columbus, Ohio, March 13.—(AP)—Former State Treasurer Bert B. Buckley was sentenced to serve two years and six months in the Atlanta penitentiary and fined \$1,000 by Federal Judge Benson W. Hough for his part in the alleged plot to bribe a federal prohibition agent to give "tip offs" of proposed raids on Cincinnati breweries.

TEXTILE MEN MEET AT AUGUSTA FRIDAY

Augusta, Ga., March 13.—(Special.) The carders' division of the Southern Textile association will convene at the Richmond hotel here Friday, March 15.

J. O. Corn, of the Hampton division of the Pacific mills, Columbia, S. C., will act as chairman. W. C. Cobb, secretary and treasurer of the textile association, announced.

WIDELY KNOWN SINGER TO APPEAR IN ATLANTA

John Charles Thomas To Offer Concert on March 25.

John Charles Thomas, baritone, who has been styled by Metropolitan critics as the only concert successor to David Bispham, will appear in the final Atlanta concert of the 1928-29 season at the Woman's club auditorium March 25.

S. Russell Bridges, president of the Southern Musical bureau, in announcing the forthcoming appearance of Mr. Thomas here, said that it was only Wednesday that he received final confirmation of the engagement. Mr. Bridges has been endeavoring all season to secure Mr. Thomas for an Atlanta engagement, but his limited time in America and the heavy demands for his appearance in the larger musical centers made it doubtful if he could include Atlanta in his itinerary until the last moment.

Mr. Thomas is the leading baritone of the Royal Opera at Brussels and is in his native land, America, this season only because of a special leave of absence. He has recently been in Florida and is stopping over to sing in Atlanta en route back to New York and Europe.

Born in Pennsylvania, the son of a Methodist minister, Mr. Thomas decided upon music as his career when he won a scholarship at Peabody Conservatory of Music, in Baltimore. His first professional appearances were in light opera, starting under the Charles Dillingham banner in "Maytime," "The Love Letter" and "Apple Blossoms."

Entering the more serious musical realms, he made his concert and operatic debut four seasons ago. In speaking of his first New York appearance at the New York City Opera, he said: "As a rule it is no compliment to a singer to measure his attainments by a Caruso and a Clement, but Mr. Thomas can stand up and carry the compliment."

JADWIN THINKS FLOOD DANGER IS NOT SERIOUS

Washington, March 13.—(AP)—Major general Jadwin, chief of army engineers, believes there is no immediate serious danger from flood waters existing in the Mississippi valley.

Unless heavy rains continue, General Jadwin said today the waters will not reach a dangerous flood stage in the main river.

He added that the situation was by no means comparable to the 1927 floods.

BROKER KILLED IN JUMP OR FALL FROM HOTEL ROOM

New York, March 13.—(AP)—Malcolm Meacham, 45, a real estate broker, who had been active both here and in Florida fell or jumped to his death early today from a window of his eleventh floor apartment in East Seventy-second street. His body, clad in pajamas and bathrobe, was found on the sidewalk.

He had been in poor health and had planned a trip to Europe in a few weeks. It was believed he went to the window for air, became dizzy and fell.

Meacham was born in Memphis, Tenn., the son of E. E. Meacham, who moved to New York in 1888 and took part in large real estate developments here.

EXPECT MISSISSIPPI RIVER FLOOD IN APRIL

New Orleans, March 13.—(AP)—Flood stage will be reached at every point along the Mississippi river between Natchez and New Orleans during April, said a bulletin issued today by R. A. Dyke, meteorologist of the United States weather bureau, who revised the forecast figures for both the Mississippi and the Atchafalaya rivers.

"The Mississippi river below Vicksburg and the Atchafalaya, he forecast, will rise, reaching at least the following stages during the first week of April:

"Natchez, 46.5; Angola, 45 feet; Baton Rouge, 35.2; Plaquemine, 31; Donaldsonville, 28; New Orleans, 16.5; Metairie, 37."

New Orleans flood stage is 17 feet, said the meteorologist, who added that the prediction of 16.5 does not mean any danger to New Orleans or any other places, but that the levees must be watched for weak spots. Rains were continuing over the watersheds of the Mississippi, Ouachita, Red and Atchafalaya rivers, he said.

FRANKLIN'S OPENS JUNIOR DEPARTMENT

Opening of a new department in Franklin's Whitehall street store, local unit of the large ready-to-wear chain organization, was announced Wednesday by officials. The department, to be known as the children's and junior's division, will handle apparel fashioned for ages between 1 and 14 years. It will be under the management of Mrs. Emma L. Brady, well-known Atlanta business woman.

RICHARDS IS SAVED BY GOVERNOR'S ACTION

Death Sentence Is Commuted to Life Imprisonment.

Montgomery, Ala., March 13.—(AP)—Governor Bibb Graves today commuted the death sentence of Stephen Lafayette Richards, of Mobile, to life imprisonment. Richards was to have faced the electric chair tomorrow night for the slaying of Charles T. Russell, his neighbor, more than a year ago.

The board of pardons submitted its recommendations four days ago after hearing final pleas of Richards and his two sons, Clarence and George, in which the prisoner's life was graphically pictured as one of a model citizen up until the night of his quarrel with Russell.

The pleadings of the two youths especially were taken into consideration, the board stated in its report to the governor and this coupled with the recommendation of nine members of the jury that convicted Richards that his sentence be commuted led

the board to believe that "society will not suffer by letting him live."

Chief opposition to change the sentence was contained in a letter to the governor from Russell's widow in which she described the murder as "cold blooded."

In describing the slaying Richards told the governor and the board that he shot Russell as the latter attempted to gain entrance to his room following a quarrel in which Russell's wife was involved. He maintained staunchly that he had shot in self-defense.

Arthur Huestess, the governor's private secretary, left immediately for Kilby prison to inform the prisoner of Governor Graves' decision.

In granting the commutation the governor followed the unanimous recommendation of the state board of pardons.

CHEST TO COOPERATE WITH WELFARE BODY

Weekly Conferences Will Be
Held To Solve Problems
in Atlanta.

Cooperation of the state department of public welfare and the Atlanta Community Chest in weekly conferences for adjustment and solution of difficult welfare problems in Atlanta was announced Wednesday by Frank Miller, executive director of the Chest.

"Under this arrangement, which brings together in case-work conferences 18 to 20 executives of Chest societies," Mr. Miller said, "the best knowledge of social work is brought to bear on these problems, and an opportunity is given social workers to coordinate their activities and multiply the effectiveness of the service in a manner that no independent agency or individual could contrive."

"These case-work conferences bring together every Wednesday executives of child-caring agencies, family welfare agencies and health service agencies with representatives of the state department."

"Before this round-table of experienced workers are placed the needs of difficult cases and the Chest serves to draw into play every force available for each one. An investigation is arranged with a view to ascertaining the proper treatment, and whether it be a family problem or one concerning an individual or neglected children, whether a patient needing surgical or medical treatment, whether a transient family that has become a charge on the community, whether an ex-serviceman or the widow or family of a former soldier—or whether it involves a combination of circumstances, there is one or a dozen agencies for its solution."

ATLANTA CLUB WILL HOLD DANCE SATURDAY NIGHT

Members of the Atlanta club, composed of women employees of the Atlanta city hall, Wednesday sent out invitations to the St. Patrick's day dance to be staged Saturday night at the Henry Grady hotel.

Miss Lillian Everett, president, announced that shamrocks and other decorations will follow out the general green color scheme.

Mrs. Nellie Printup is chairman of the special committee in charge of arrangements. Associated with her are Miss Evelyn Dewberry, Miss Frankie Hicks, Miss Grace Dean, Mrs. Rita Hammett, Mrs. John Peel, Miss Ann Coggins, Mrs. Eva Deard and Mrs. Louise Vaughan.

Admission will be by card only. Mrs. Printup stated.

VAUDEVILLE STARS TO APPEAR TODAY AT JAYCEE LUNCH

Duncan Peck will preside at the weekly meeting of the Atlanta Junior Chamber of Commerce at the Chamber of Commerce building this afternoon which will be featured by entertainment provided by the current stage attraction at the Howard and Capitol theaters.

The Janton sisters, from the Howard, and the Lee sisters, from the Capitol, are billed for some specialty dance numbers, while Earl La Vere, Howard accordionist, also is on the program. A surprise feature is also promised.

LAMAR TO SPEAK

Astrological Society To Hold Public Meeting.

The Astrological Research Society of Atlanta will hold its first public meeting at 8 o'clock Friday night, when Abner W. Lamar, character analyst, will speak on "The Aquarian Age," and the general principles of character analysis through the medium of scientific astrology.

The talk will be delivered in the new Ampico Hall, Peachtree and Ellis streets. Lawrence Everhart, teacher and musician, will render a piano number.

The public, as well as all persons interested in studying the science of the stars and kindred subjects, are cordially invited to attend.

Engineers Hear Dean Potter Praise Work of Scientists

A large measure of credit for what is termed "our present high standard of living, our comfort and our functional advantages" was attributed to the scientist, engineer and inventor by Dean A. A. Potter, of Purdue university, in an address Wednesday night before the local chapter of the American Society of Mechanical Engineers at Georgia School of technology.

"Many people are constantly finding fault with our civilization and are fighting for the glories of the good old days," he said. "These critics of our times find nothing to commend about a civilization which by releasing an enormous amount of mechanical power to supplement human labor has produced comfortable modes of living for everybody. They consider the poet or artist of old as representing higher type of manhood than the scientist or engineer, whose contributions have made it possible to see in the night by electric light; to explore the human body by X-ray; to see the world in moving pictures; to fly through the air like a bird; to send the human voice thousands of miles

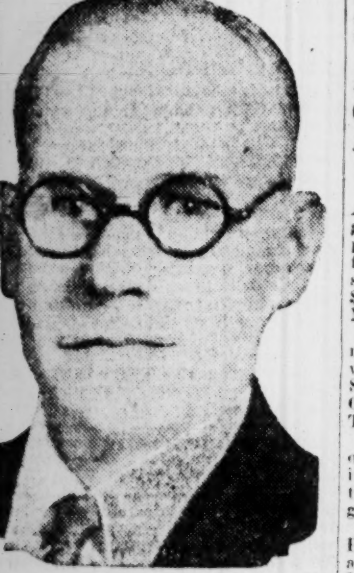

DEAN A. A. POTTER.

GAINS 15 POUNDS; NOW FEELS FINER THAN IN 5 YEARS

Was So Nervous Couldn't Drive Automobile. Sargon Brought New Strength and Energy.

"Sargon and Sargon Soft Mass Pills have been worth their weight in gold for what they have done for me," declared R. H. Nix, who lives at 1429 Fairbanks St., S. W. "I have gained

R. H. NIX.

fifteen pounds, and I am feeling better than I have in five years." Mr. Nix is connected with the Continental Gin Company and has been on the road for his company thirty-one years erecting gin machinery, and is well known throughout the south. Mr. Nix has lived in Atlanta for forty years, belongs to the Masons, and is highly regarded by his friends and neighbors.

"For five years I have not known what a well day was. And a year ago I had to give up my position on the road on account of my general run-down condition. I was failing in health all the time and was down to 160 pounds, which is a good deal under my usual weight. I had no appetite and nothing I ate agreed with me. The gas on my stomach would get so bad that it would almost cut my breath off, and I couldn't walk a block without stopping to rest a bit. I got in such nervous condition that I had to give up driving my automobile."

"But from 160 pounds when I started the Sargon treatment I now weigh 175 pounds, and my son said a few days ago it is the first time in five years that he has heard me say I felt good. I can eat anything I want and all of it I want. I don't have indigestion and am not bothered with gas on my stomach. I can walk any reasonable distance without tiring and while I haven't driven my car yet I feel sure that I could, because my nervousness has left me and I feel equal to almost anything."

"I think everyone should use the Sargon pills in connection with the Sargon treatment. They are mild and gentle but they do their work thoroughly."

"I wouldn't take anything in the world for the way the Sargon treatment has built me up and given me back my strength and health. I am glad to recommend Sargon to anyone whose health has gone back on them."

Thousands have learned more of the details of the celebrated Sargon treatment from the special representative of the Sargon Laboratories who is daily answering questions about this remarkable scientific formula at Jacobs' main store, 6 and 8 Marietta street. Sargon may also be obtained at all other Jacobs stores all over Atlanta. (adv.)

HARDMAN, HIGHWAY BOARD MAKE PEACE

Closer Harmony Than in More Than Two Years Reported.

The state highway board and the state executive department of Georgia have harmonized differences that have existed between the two departments for two years relative to road building policies and these departments will cooperate in amity hereafter, it was announced following a conference of the board members with Governor L. G. Hardman held Tuesday in the office of the governor.

The conference was held at the request of the governor, according to a statement made public by John N. Holder, chairman of the board. Chairman Holder and Governor Hardman were opponents in the race for governor held three years ago. Political divisions of sentiment developed in the race which led to an unsuccessful effort on the part of the governor to name a successor to Chairman Holder at the last session of the legislature. Later Chairman Holder agreed to retire June 1, 1929, and Sam Tate, of Tate, Ga., was designated as his successor.

The statement of Chairman Holder is as follows: "Governor Hardman requested a conference with the state highway board this morning and the members of the board paid a visit to the office of his excellency where they were cordially and kindly greeted by him. He stated to the board that he had no suggestions to make to the board but wished the board to know that he was ready, willing and anxious to cooperate with the board in its efforts of road improvements in the state and that he would be glad to render the same to it."

"He was assured by the members of the board that they were willing and anxious to cooperate with him in every possible way to carry on the work of road construction and improvement quickly, persistently and systematically to confer these benefits on mankind as their contribution to the economic progress of human society."

Dean Potter's address here was one of a number to be made over the course of his term of office by the American Society of Mechanical Engineers as an outstanding member of that body and invited, in accordance with a practice of the society, to speak before some of its individual chapters.

BISHOP FOUNTAIN ORGANIZES LAYMEN IN COLLEGE DRIVE

Bishop W. A. Fountain, head of the A. M. E. church in Georgia, has organized a laymen's movement to assist pastors in the city-wide campaign for funds to clear Morris Brown university of debt. This is a part of the \$100,000 rally which will be held in Macon April 24-25.

The following officers have been named: President, R. Henry Reeves; vice presidents, T. W. White, G. W. Smith, S. E. Pace; secretaries, David T. Howard, M. A. Ford, treasurer, David T. Howard.

Bishop Fountain, the first bishop of the church to line up the laymen in the south for educational work since the general conference of his church gave to the laymen their suffrage.

Drs. J. W. E. Linder, M. D.; H. P. Eligan, M. D.; T. W. White, M. D.; and Logan, G. W. Gibson, J. F. Moses, H. B. McIver, W. L. Rowe, S. E. Pace made enthusiastic addresses at the meeting. J. E. Hays and E. L. Hadley stressed the need of state-wide action.

SUNDAY THEATERS AND SPORTS HIT BY BIBLE CLASS

Styling the proposed movement to provide Atlanta with Sunday amusements as an "attempt to commercialize the Sabbath," the men's Bible class of the Park Street Methodist church Wednesday announced passage of a resolution supporting the present "blue law Sunday."

ALBANY LEADER'S ORGANS EXAMINED BY STATE CHEMIST

At the request of a coroner's jury of Dougherty county the toxicological chemist of the state department of geology will make an analysis of the viscera of Robert L. Kearsy, assistant postmaster at Albany, Ga., who died suddenly Monday. The viscera was turned over to the chemist for analysis Tuesday.

Kearsy died suddenly at his home after he had attended to his duties and appeared in normal health Monday. A coroner's jury was called to investigate circumstances surrounding his death and after secret sessions at which results of an autopsy were reported, decided to ask for analysis of the assistant postmaster's organs.

It was shown by his physicians that Kearsy suffered a heart affliction which might have produced death, but the coroner's jury gave out a formal statement that it desired to "clear up all circumstances in connection with Mr. Kearsy's death, in justice to him and his relatives and friends."

White Band To Meet.
The White Band, Inc., a recently organized Atlanta fraternal organization, will give a dinner-dance at 7 o'clock next Tuesday night at the city auditorium. It was announced Wednesday. The affair is being given under the auspices of the Atlanta Provisional Band Post, No. 1.

FLOYD A. ALLEN TO ADDRESS G. M. C. JOINT ASSEMBLY

Floyd A. Allen, of Detroit, assistant to the president of the General Motors corporation, reached Atlanta Thursday to attend a gathering of representatives from this section of the entire General Motors lines. He will be guest of honor and principal

FLOYD A. ALLEN.

speaker at a banquet tendered him tonight at the Biltmore hotel, which will be attended by the personnel of the various General Motors corporation subsidiaries in and around Atlanta.

This comprises the Buick, Cadillac, Chevrolet, Oakland, Oldsmobile and Pontiac cars, GMC trucks, Fisher bodies, Delco lighting system, Frigidaire, General Motors Acceptance corporation and United Motors service.

An avowed advocate of a gas roads tax, Mr. Allen declared that tardiness in building good roads is the automotive industry's greatest detriment. Not only is it of concern to automobile owners, he stated, but the owners themselves suffer a tremendous

CHAMBER PRESIDENT WILL SPEAK TONIGHT

Phillip Alston To Address Inter-Civic League Meeting.

Several questions of city-wide importance will be considered in open discussion by representatives of the nearly two score civic organizations making up the Atlanta Inter-Civic league, at the annual meeting of that group to be held at 7:30 o'clock tonight at the chamber of commerce building. Officers for 1929 also will be elected at this time.

Phillip Alston, president of the chamber of commerce, will give the principal address, speaking upon matters of import in the advancement of the city.

Discussing the meeting Wednesday the association's president, Wade H. Davis, stated that probably the discussion will center on the questions of city taxes, schools and the Union station. The reports of the various committees will be heard and the plans for 1929 outlined, he said. The organization of the Inter-Civic association was made several years ago to aid in bringing about various ends desired by the smaller units. The other officers of the association are vice presidents, M. C. Kiser, C. M. Ford, George W. Powell and the secretary, W. Brown Hayes.

EX-SENATOR SMITH TO SPEAK BEFORE CITY CLUB TODAY

Speaking on "Glover Cleveland" former Senator Hoke Smith will give the principal address this noon before the regular weekly luncheon meeting of the City club at the Ansley hotel. While serving under President Cleveland as secretary of the interior Senator Smith became very well acquainted with the democratic leader and it is expected that he will give an unusually interesting talk.

economic loss through bad roads. His plan in Atlanta is to bring to the General Motors representatives in this section a personal message from President Sloan as to the corporation's plans. A number of business friends of the corporation have been invited to the dinner, which will be presided over by T. Suddeth, of Atlanta, manager General Motors Acceptance corporation.

Eats Spinach, Stomach Trouble Gone

"I especially like spinach, but I eat anything since taking Adlerika. It has given me complete relief from stomach trouble."—E. Fallon.

The simple mixture of glycerin, buckthorn bark, etc. (known as Adlerika) has a most surprising DOUBLE action. It acts on BOTH upper and lower bowel (most medicines act on lower bowel only) and removes foul matter that poisons the system for months. It clears GAS and sourness from the stomach and bowels, bringing INSTANT relief from stomach trouble. And, in addition, Adlerika removes metabolic poisons which cause neuritis and rheumatism.

Dr. H. L. Shoub, New York, re-

ports: "In addition to intestinal cleansing, Adlerika checks the growth of intestinal bacteria."

Dr. J. Weaver: "In my 50 years' practice, I have found nothing to exceed Adlerika."

J. E. Puckett: "After using Adlerika I feel better than for 20 years. Awful impurities were eliminated." It will surprise you the great amount of poisons Adlerika brings out; you would never believe they were in your system. In chronic constipation, GAS, sour stomach and sick headache, just ONE spoonful Adlerika brings wonderful relief. At leading druggists. Send for FREE check-board. ADLERIKA, Dept. Y-37, St. Paul, Minn.—(adv.)

JUDGES "TRADE" COURTS

Hutcheson and Pomeroy Change Benches Today.

Judge John B. Hutcheson, of the Stone Mountain superior court, today will occupy the bench of Judge E. E. Pomeroy in the Fulton superior court, as was announced Wednesday. A criminal case in which Judge Hutcheson has been disqualified will be called at Deane and Judge Hutcheson and Judge Pomeroy "traded" courts for the day.

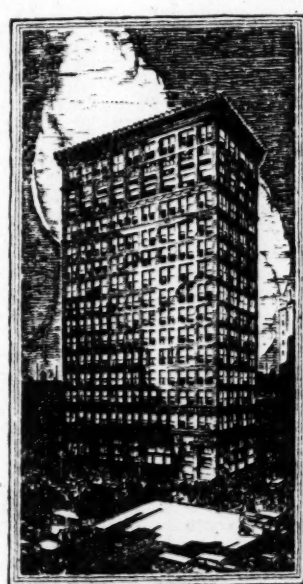

Where Will Your Estate Be Seven Years After?

Naturally you have some wise and good friend under whose care you would like to leave your family's finances after you are gone. That is a fine sentiment—and your dear friend will do his best to carry the burden you lay upon him. But how long will he survive you? How much time will he have to devote to your affairs, without neglecting his own pressing business responsibilities? How much time could you give right now to the administration of his estate—should he die first, and make you his Executor?

How much wiser it is to leave your estate in the hands of a Corporate Executor—the Trust Department of a strong national bank. The bank devotes all its time to financial matters. Its judgment is based upon wide knowledge of investments, the market situation, the condition of business generally. This Executor is not dependent upon the ability or the willingness of any one man to serve your heirs, and is under Federal supervision.

Make a Will—and name the Trust Department of the Fourth National as your Executor. The cost of this service is trifling; the value to your heirs is beyond price.

ELECTRIC SERVICE CHARGE REFUNDS ARE MAILED OUT

The Georgia Power company Wednesday began mailing out to approximately 7,500 electric customers in the state checks totaling approximately \$10,000, refunding service charges as ordered by a recent ruling of the Georgia Public Service commission.

When the commission last December lowered residential electric rates throughout the entire territory served by the company, a service charge of \$1 for all meters of 10 amperes or less was ordered, and a \$2 service charge for all meters of more than 10 amperes.

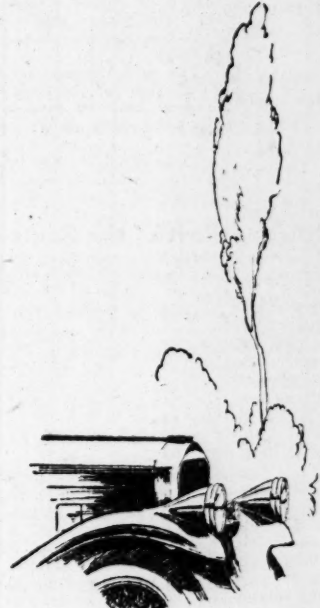

In February, after further study of the situation, the commission revised its original order, making the \$2 service charge apply only to meters of more than 25 amperes and relieving customers having meters of between 10 and 25 amperes from paying the extra dollar service charge.

In the revised order the power company was instructed to refund the excess dollar of all service charges already paid by persons with meters in the 10 to 25 ampere classification.

Civic Club To Meet.

The Twelfth Ward Improvement club and the Kirkwood Civic league will meet jointly at 8 o'clock tonight at the Kirkwood school. Among the speakers will be Clarke Donaldson, chief of construction, and Miss Nellie Emery, president of the Kirkwood league. Several matters of community interest will be discussed.

PIERCE-ARROW TURNS ANOTHER PAGE IN FINE CAR HISTORY

A feature that has marked America's finest motor car for more than a quarter-century—the fender lamps of Pierce-Arrow.

PIERCE-ARROW'S recent expansion reflects itself brilliantly in a new Straight Eight which is Pierce-Arrow to the very heart and core.

Besides being ultra-modern in its fresh, crisp beauty, the new Pierce-Arrow is longer in wheel-base than its recent predecessors. There are two groups in the new line—two wheel-bases—133 inches and 143 inches.

Big automobiles are these, but without the least suggestion of bulk. Arriving at the psychological moment, the new Pierce-Arrow Straight Eight forever obsolesces "the dowager" type of fine motor car.

Pierce-Arrow mechanical detail embraces every device of proved character known to the engineering of fine motor cars.

THE NEW STRAIGHT EIGHT BY PIERCE ARROW

Bodies and Engine by Pierce-Arrow—and Pierce-Arrow in Every Part

FROM \$2775 TO \$8200 AT BUFFALO

The purchase of a car from income has been made an altogether attractive procedure by the Pierce-Arrow Finance Corporation. The average allowance on a good used car usually more than covers the initial Pierce-Arrow payment.

9 Cars in 4 Cities in 1 Day

A NEW BRITAIN, Connecticut, car dealer is said to sell more automobiles per capita, of a certain high-priced make, than any other subdealer in the world.

In clearing his floor of trade-ins, he uses Long Distance almost exclusively. Not long ago he made ten calls in one day to dealers in other cities. These calls sold two cars in Boston. Two in Worcester. Three in New York. Two in Philadelphia. Cash transactions, \$17,000—telephone charges, \$19.50!

"I consider the telephone," says this automobile man, "the most valuable and most economical sales asset I have."

Almost any business house has many kinds of work that the long distance lines can do. Buying or selling in a distant city without leaving one's office. Making important appointments. Getting or giving rush information, specifications or prices. All business details can be discussed by telephone, just as in a personal interview. And with heavy savings in time and traveling expense.

What distant person or firm would it be an advantage to talk with, now? You'll be surprised at the small cost?

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY (Incorporated)

G. M. A., Smithies, Boys' Win in G. I. A. A. Tournament

Hagen, Diegel Play Sarazen Farrell Today

British Champion and Partner Have Narrow Escape in Semi-Finals.

Miami, Fla., March 13.—(United News.)—Johnny Farrell and Gene Sarazen will meet Walter Hagen and Leo Diegel in the finals of the sixth international four-ball golf championship match at the Miami Country club here tomorrow.

The defending champions, Sarazen and Farrell, eliminated Willie MacFarlane and Harry Hampton, 4 and 3 in today's match play, and Hagen and Diegel combined to defeat Henry Cluci and Joe Turnesa, 2 and 1, for the right to fight it out with the champions.

David MacFarland, Old Grid Star, Dies

Lewiston, Idaho, March 13.—(AP.)—David MacFarland, 57, rated in his college days as one of the greatest football players in the country died here last night.

MacFarland was developed by "Pop" Warner, now of Stanford, who once offered the Indian a job as his assistant. MacFarland coached football at the University of Idaho two years after his graduation from Carlisle and then returned to the Nez Perce reservation, where he was official government interpreter.

Arkansas Racing Bill Passed

Little Rock, Ark., March 13.—(AP.)—The house bill by Speaker Abington to legalize horse racing and pari-mutuel betting in Arkansas, was passed by the senate tonight, 17 to 16. The measure is now ready for Governor Pennell. Opponents sought by a filibuster to delay action on the measure but it was broken after a little more than three hours.

Basque Signs For One Year With Garden

New York, March 13.—(AP.)—Paulino Uzcudun, the Spanish angle of the heavyweight triangle most favored to produce the next champion, placed his near future tonight in the hands of the Madison Square Garden corporation. He signed a contract giving the Garden exclusive right to his professional services for one year.

The signing of Paulino gave the Garden a virtual monopoly on the three heavyweights which William Carey, successor to Tex Rickard, plans to set at another next summer in a brief series of outdoor spectacles calculated to produce a new heavyweight king. With Jack Dempsey still being counted out of active glove slinging, the Garden believes that the field of contenders has narrowed down to Uzcudun, Jack Sharkey, Boston, and the socking German reproduction of Dempsey, Max Schmeling.

The tentative lineup will bring Sharkey and Uzcudun together in the first major battle of the open air season at the Yankee stadium, June 27.

Savannah Hi And Bluebirds Are Defeated

Large Crowd on Hand for Constitution-G. I. A. A. Cage Tourney.

Today's Games

Following is the schedule of games for today in the second round of The Constitution G. I. A. A. tournament. Every team which survived Wednesday's opening round is a tough one and the games today will be of the best.

Afternoon Round.
3:30—Norman Park vs. Riverside.
4:30—G. M. C. vs. Lanier.
8:00—Boys' High vs. G. M. A.
9:00—Tech High vs. Gordon.

Basketball of an exciting and thrilling sort was furnished Wednesday afternoon and night as 16 teams of the G. I. A. A. roved and rained through eight games of the opening round in the annual tournament, sponsored this year by The Atlanta Constitution.

Here are the odd facts:
Tech High 29; Columbus 25.
G. M. A. 31; Monroe 29.
Boys' High 37; Clarksville 24.
Riverside 70; Moultrie 11.
Lanier 46; Barnesville 20.
Norman 32; U. S. B. 27.
Gordon 47; Savannah 38.
G. M. C. 33; Fulton 11.

All the favorites save one survived but there were many of them who were pulled through to advance into the second round which promises to provide basketball as good or better than any you have seen in a long time.

Three of Atlanta's five entries—Tech High, G. M. A., and Boys' High—are still in the running and each of them had tight squeezes but managed to leave the impression that they were still to be contended with and seriously so.

Most Thrilling Game.
The most thrilling game of the day took place last night when the G. M. A. Cadets, fighting with their backs to the wall, overcame a heavier, fighting Monroe Aggie team to nose out a 31-29 victory.

The Cadets tonight will meet Boys' High in an all-Atlanta affair that should be historic.

Boys' High won over Clarksville, after a stunning start. In the second quarter the Purple began clicking and from then shot its points with regularity and had its machine working smoothly.

Tech High's Smithies met the Columbus Blue Devils in the closing engagement of the night, and though the Cadets had just arrived in the city a scant half hour before playing time, due to a train accident, the boys gave the Smithies much trouble and almost caught them in a closing minute rally. Buster Mott, however, proved too much and the Smithies tonight will meet Gordon, which should be taken with some ease.

Riverside Wins.
Riverside ran true to the form of a favorite and completely swamped rather weak Moultrie high school by the outlandish score of 70 to 11. The only thing that stopped Foster, with 25 points, and Broxton, with 12, was the final whistle. The latter was cool, calm and efficient and they're going to be hard to stop.

In the other games G. M. C. found itself in the second half to take Fulton in convincing fashion. Norman Park, seemingly an easy mark, proved to have plenty of "it" and took U. S. B. for a ride in the country. Lanier disposed of Barnesville and showed that it can be counted upon to cause trouble and in the only upset of the day Gordon Institute's squad tumbled Savannah high school by a score of 47 to 38, which should speak for itself.

Despite the steady downpour Wednesday afternoon a large crowd of fans was on hand for the opening of the annual tourney. Fast play featured the first games of the meet and all but one game close and hard fighting marked the play. The Riverside-Moultrie game was the only one-sided affair of the afternoon.

Savannah Loses.
Savannah and Gordon opened up The Constitution-G. I. A. A. tournament on the Tech court, starting off promptly at 12:30 o'clock. The lads from the coast jumped off immediately to the lead, which they held until near the end of the quarter. Godfrey, of Gordon, began to find the range and with a barrage of points brought his team up on even terms with Savannah and tied the score at 14-14.

From then on Gordon held the lead and outgassed the Savannah bunch. The first half ended with Gordon leading by 24 to 18.

With Godfrey keeping up his effective shooting, aided by Barnes, Gordon kept its lead in the second half and began to pull away. Savannah's points were evenly divided, with Futrelle and Johnston looking best. The last quarter Savannah seemed a bit tired while Gordon was striding steadily along and

Summaries

CRUS (29) vs. Tech (14).
Tech (14) won 14-29.
Substitutions: Columbus, none. Tech High: Payne (2), Score at half, Tech High 17, Columbus 12. Referee, Mundorff; umpire, Sullivan.

MON. (20) vs. G. M. A. (31).
G. M. A. (31) won 31-20.
Substitutions: Monroe, Harrison, Stepper. G. M. A.: none. Score at half, Monroe 16, G. M. A. 12. Referee, Dudley; umpire, Sullivan.

U. S. B. (27) vs. N. PARK (25).
N. PARK (25) won 25-27.
Substitutions: U. S. B.: none. N. PARK: none. Score at half, N. PARK 13, U. S. B. 14. Referee, Dudley; umpire, Sullivan.

U. S. B. (27) vs. N. PARK (25).
N. PARK (25) won 25-27.
Substitutions: U. S. B.: none. N. PARK: none. Score at half, N. PARK 13, U. S. B. 14. Referee, Dudley; umpire, Sullivan.

CIVILLE (24) vs. R. E. S. (37).
R. E. S. (37) won 37-24.
Substitutions: Civille, none. R. E. S.: none. Score at half, R. E. S. 19, Civille 12. Referee, Dudley; umpire, Sullivan.

6TH DIST. vs. LANIER (46).
LANIER (46) won 46-6.
Substitutions: 6TH DIST.: none. LANIER: none. Score at half, LANIER 23, 6TH DIST. 3. Referee, Dudley; umpire, Sullivan.

G. M. C. (33) vs. FULTON (11).
FULTON (11) won 11-33.
Substitutions: G. M. C.: none. FULTON: none. Score at half, G. M. C. 17, FULTON 6. Referee, Dudley; umpire, Sullivan.

GORDON (47) vs. SAVANNAH (38).
GORDON (47) won 47-38.
Substitutions: Gordon, none. Savannah: none. Score at half, Gordon 24, Savannah 18. Referee, Dudley; umpire, Sullivan.

as the final whistle blew the red team had 47 points, while Savannah had 34.

Riverside vs. Moultrie.
Riverside tangled with Moultrie in the second game and the Gainesville crew, favored by the great majority to win the tournament, bore out all pre-tournament statements as to the efficiency and smoothness of its attack.

Headed by a tall, well built center named Foster, who looks as though he might be a twin brother of William Lawrence Stripling, Riverside scored and the only thing that stopped them was the final gun.

Moultrie didn't have a chance from the first. It scored a bare five points while Riverside, seemingly unstoppable, was making 40 with Foster getting 16 of them and Broxton pushing in 12. Riverside's defense was impressive and even had Moultrie counted all its shots it would have been trailing.

The second half was a repetition of the first, except that Riverside scored only 30 points while Moultrie made six. Foster was still scoring in his defense and drew slowly ahead by the end of the second quarter. Riverside, ahead by 70 to 11, which is quite an accomplishment for Riverside.

Bluebirds Defeated.
University, the first Atlanta team to play in the tournament, started off in the third quarter of the afternoon playing Norman Park institute, a hard fighting bunch from south Georgia. Guarding between the two teams was close and the score accordingly was rather low. Norman had a little guard named Easterlin, who did a great part of Norman's shooting, keeping his defense and drew slowly ahead by the end of the first half.

With the beginning of the second half University began clamping down on its defense and drew slowly ahead while Norman was unable to score with any regularity. At the half, due to the shooting of Nix and Carpenter, University was ahead by 27-24 and had lost Green and Carpenter via the foul route. The losses affected the team's play and Norman took advantage and went ahead, by 30-27, with three minutes left. The Norman squad kept on plugging and when the final whistle sounded had advanced into the second round by its 32-27 victory over University.

Grant Stars for B. H. S.
Boys' High and Clarksville, otherwise the ninth district, started off in a pitchers' battle that was rather slow. The score at the quarter being 7 to 0 in Boys' High's favor with neither team having shown anything. Boys' High began to crack down on the basket in the next quarter and forged rapidly ahead with Gatlin doing most of the scoring and at the half the Purple team led by 21 to 5.

Grant, dimming Boys' High for

Hunter Seeks To Retain Net Title in U. S.

Borotra Enters National Indoor Tourney in Effort To Win Back Crown.

BY WILLIAM J. DUNN, United News Staff Correspondent.

New York, March 13.—(United News.)—The 1929 major tennis season will open here Saturday with 74 contestants ready to enter their bid for the national indoor singles championship.

The national indoor tournament, while a welcome treat to court fans after a rather featureless winter, can hardly be expected to furnish an accurate check on the nature of competition to be expected when the outdoor season opens.

Frank T. Hunter, ranking No. 2 star of the United States, and Jean Borotra, of France, will be the outstanding favorites, and it is doubtful that any of the other contestants will be able to prevent them from meeting in the finals.

Sailing To Be Easy.
Hunter is expected to have fairly easy sailing throughout the upper bracket of the draw which was completed today at the offices here of the United States Lawn Tennis association. Borotra, outstanding in the lower bracket, is not faced with a serious threat.

William Adyellotte, defending champion who surprised the tennis world with his triumph in 1928, is listed at the top of the lower bracket and may meet Borotra in the semifinal round. The Frenchman, if at all on his game, should be able to dispose of him.

The 1928 tournament failed to produce any outstanding stars. Adyellotte, although performing like a champion in the indoor meet, proved a disappointment when the competition shifted to the turf and although he was regarded as a threat throughout the outdoor season he failed to live up to the promise.

A likely match if they meet in the final round, but it is hardly likely that either will exhibit the brand of tennis that will be necessary on the outdoor courts.

Borotra Returns.
The 1929 tournament will mark the return of Borotra in quest of the title he held in 1925 and 1927, after an absence of a year. At the present time he is ranked fourth by Hunter.

Hunter has been playing in the south for the past few weeks in company with William T. Tilden. His late entry after he had been expected to remain in the south with Tilden was all that prevented Borotra from ruling a prohibitive favorite.

The list of seeded players for the meet is not imposing. Aside from Borotra, who was seeded as the only ranking foreigner, Hunter heads the list of eight seeded players. J. G. Hall, H. L. Bowman, J. Kurrok, Gregory Mangin and M. Cutler are the others.

The majority of the younger stars are in school at present.

ward, began shooting in the second half and kept his team ahead by a slightly larger margin than it had at the half. Hitt sank a couple for Clarksville and the end of the first quarter Boys' High was ahead by 32 to 12.

Clarksville made a determined comeback in the final quarter, gaining steadily on Boys' High. The Purple, however, had too much of a lead and with Grant dipping in on occasion, the assault was withstood and Boys' High won, 37 to 24, and looked rather dangerous in so doing.

Lanier High Wins.
Lanier high school of Macon, winner last year of the G. I. A. A. championship, presented a fast moving, smooth scoring attack that had its opponent of the afternoon, Barnesville, rather baffled during the first half.

Every man on the Lanier team could shoot and did, with honors divided between Gooding and Young. Barnesville had a tiny forward who didn't measure more than five feet at the most, who scurried up and down the floor and dropped in a goal once. Bellamy is the name.

Lanier kept breezing along at a steady pace, had a very good defense, sank its shots and at the half led by the satisfying score of 29 to 13.

The second half was exactly like the first with Lanier steaming steadily along and piling its points up regularly. Substitutions were made with abandon and the entire squad got into the game two or three times. Barnesville scored only two field goals in the second half, Sawyer getting them both.

Towards the last of the game Lanier began to spurt and scoring was furious as the game ended with Lanier ahead by 46 to 20.

G. M. C. Beats Fulton.
Georgia Military college, of Milledgeville, conqueror last week of Riverside, and Fulton, of this city, had spectators hanging on the ropes at the end of the first quarter of their game, the opening of the night round. For at the end of that period the score was tied, at 2-2. Both teams ranted up and down the floor, neither being able to get through for many shots. After some few min-

A CRACKER A DAY

To day Dick Bonelly, Pitcher

By Ben Rothman

The young man whose picture you may observe by looking one column to the right is Bonelly, right-handed pitching gentleman, who, many people will tell you, is going to have a big year with Atlanta in the Southern association.

It isn't Bonelly's first hitch in the Southern association. He served two years with Memphis, and did very well. In fact he was a good pitcher.

Bonelly, has, however, one grievance. Work as hard as he may, he has a rather tough job in convincing people that his name hasn't "been" in it, although it is pronounced as though there were.

Meriden, Conn., was the scene of Bonelly's advent into this world. The event took place some 25 years ago—May 8, 1904, it was—so you can see that Dick isn't old yet, by any manner of means.

He kicked around Meriden, playing baseball on the corner lot, until 1923, when he signed up for a term with Edmondson, of the West International league. Following a year's service in that association, he still had a hankering for international affairs and played during the season of 1924 with Hamilton, Ontario, of the Michigan and Ontario league.

The season of 1925 saw him take a step up the ladder when Kansas City secured his services. Remaining a half season there he was purchased by Memphis, finishing that summer and served in the Bluff City for two years. In 1928 he broke into the Pacific Coast league, playing with Sacramento.

utes of the next quarter Fulton took the lead when Conyers dropped in a field goal, the first of the game. G. M. C. went on a great scoring jag and scored two field goals, which, sandwiched in between a few fumbles, gave them a staggering lead of 9 to 4 at the half.

G. M. C. picked up in the last half and began to show something approaching form. Wynne, a husky guard, and Hughes, a sub forward, contributed most of the points from the field. Many prior to the tournament had played the G. M. C. crowd as a likely dark horse and they might be correct, for the Milledgeville team showed much better form and command than they had shown in the first half, leading at the end of that period by a score of 16 to 12. G. M. A. was fighting hard, but couldn't get through often enough. Suddeth getting most of the points.

The Cadets kept plugging away, however, and in the second half they completely turned the tables on Monroe. The Cadets played hard and fast and they were working smoothly. Young B. Clark, pudgy little forward, began hitting the basket from just out of the foul line and he couldn't be stopped. He shot 12 of the 16 points that G. M. A. scored in this half. G. M. A. swung into the lead and held it until the first half was over. The Aggies, headed by Edwards and Lovren, made a firecracker comeback in the closing minutes, but were behind at the whistle and G. M. A. won, 21-20.

Tech High and Columbus tied up in the last game of the night in an affair that, after beginning with a rush, dragged during the first half and early part of the second. Columbus made only three field goals, Jenkins getting them all, and the rest of its 12 points came from fouls. Mott and Chandler were shooting well for Tech High, the Smithies leading at the half, 17 to 12. Playing by both was lax, with the Smithies having a bit more speed.

The game picked up a bit in the final half, especially in the closing minutes when Columbus, closing in steadily, caught the Smithies and passed them to lead by one point at 24-23 when Massey looped one. At this point Mott, who had been rather quiet since scoring eight points in the first half, rang three in a row to give the Smithies a 29-25 victory.

Captains Elected.
Lexington, Va., March 13.—(AP.)—Charles M. A. Rogers, of Ewing, Ala., was today elected captain of the Virginia Military institute boxing team; Thomas L. Scott, of Norfolk, Va., captain of the basketball team, and George B. Field, of Petersburg, was selected captain of the wrestling team. The captains were unanimously elected by the monogram men.

Weismuller, Water Star, Visiting City

Famous Tank Champion Works Out in Pool at A. C. C.

Forced down by the bad weather Atlanta has been grumbling over for the past few weeks, Johnny Weismuller, world famous aquatic star, and his traveling companion, Fred Lauer, have been working out in the Atlanta Athletic club pool since their arrival Tuesday.

Weismuller and his pal were en route to Detroit. The two will fly their Bellanca plane to Cincinnati and then to the Michigan city. From Detroit they will take a train for New York to compete in the water polo games of the New York A. A. C. After this event Weismuller will leave for Los Angeles where he will enter the movies.

Both swimmers worked out Wednesday with the Georgia Tech boys. They were in excellent form and showed the Jackets a few things about swimming.

Nurmi Will Attack Five Records at Once

New York, March 13.—(United News.)—Although refusing to compete in the "mile of the century," feature race of the Knights of Columbus games Saturday night, Paavo Nurmi is determined to demonstrate that he still is the "Flying Finn," by challenging five existing records in a single race.

Declaring he was training only for the longer distances Nurmi refused to compete in the feature mile, in which event he would have been pitted against such stars as Edwin Wide, of Sweden, Eino Purje, of Finland, and Ray Couger, of the I. A. C.

As proof of his speed, however, he announced he would run in a special four-mile event, attempting to set a world record for 3 miles, 5,000 meters, 3 1/2 miles, 3 3/4 miles and 4 miles.

Taylor and Singer Set for Fight Tonight

New York, March 13.—(United News.)—Bud Taylor, hard-hitting Terre Haute veteran, and Al Singer, pride of New York's East Side, wound up preparations today for their 10-round bout at Madison Square Garden Friday night.

The fight was arranged to settle a previously dispute which was left in the air when Taylor ended the scrap with a low blow that was ruled a foul.

HERE IS THE IDEA OF THIS DELIGHTFUL CONTEST!

NOTICE THE CARTOON AT THE RIGHT

This cartoon represents, or suggests, or in some way conveys the title of a motion picture. The correct title represented by this cartoon can be found in the following list:

"Beau Geste"	"The Big Parade"	"What Price Glory"
"Wild Orchids"	"Huckleberry Finn"	"The Sea Hawk"
"Shopworn Angel"	"My Best Girl"	"Partners Again"
"Humoresque"	"Coquette"	"The Iron Horse"
"Tillie the Toiler"	"Fireman, Save My Child"	"Hold That Lion"

The Atlanta Constitution's new \$8,500 contest, which will start March 21, 1929, consists of thirty cartoons. Prizes will be awarded to the contestants who send in the nearest number of correct answers to the 30 cartoons.

THERE ARE NO TRICKS! NO CATCHES! NO NUMBER PROBLEMS TO SOLVE! NO WORDS TO BUILD! NO LETTERS TO WRITE! NEATNESS DOES NOT COUNT!

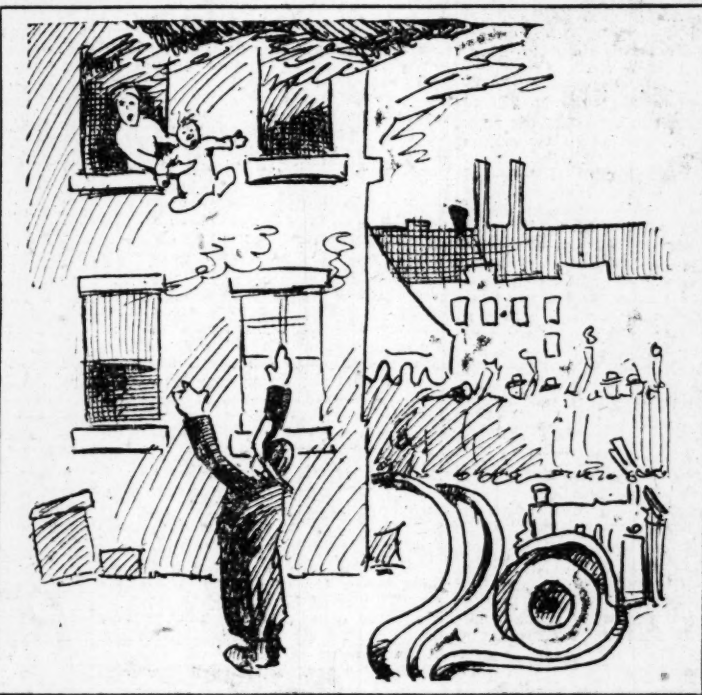

Any contestant can win two automobiles in this contest. In the last Movie-test conducted by The Atlanta Constitution, S. S. Dewson, of Decatur, Ga., won a Hudson \$1,557 car, also an Essex \$978 car. It was THE FIRST TIME MR. DEWSON HAD EVER ENTERED A CONTEST IN HIS LIFE.

To get the full details of this contest, together with the complete set of 30 cartoons, you need merely mail in the coupon printed in the lower right-hand corner of this page. Naturally, there is NO OBLIGATION.

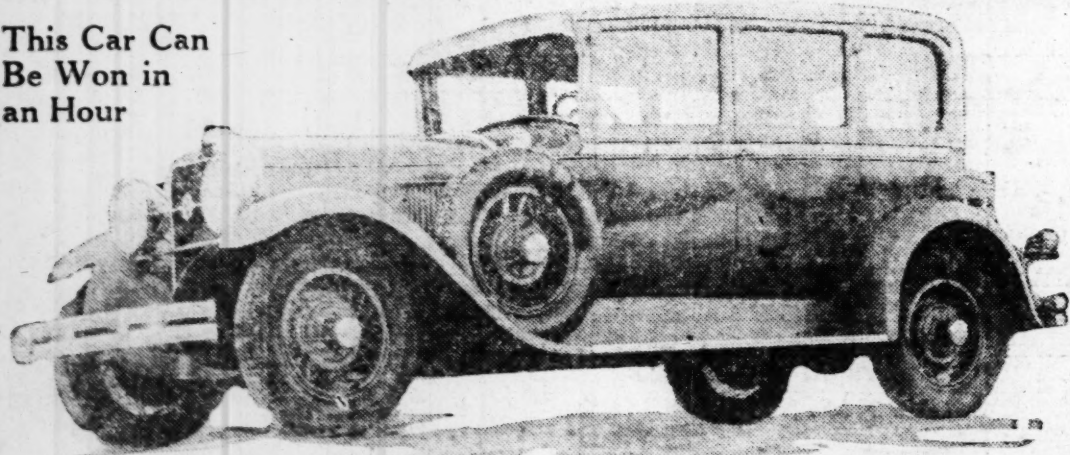

THERE IS POSITIVELY NO NEED TO PAY OR COLLECT ANY MONEY TO WIN ANY OF THE PRIZES, INCLUDING ALL OF THE AUTOMOBILES.

MAIL THE COUPON NOW. You have plenty of time. The contest does not start until the 21st of March. START EARLY. START AT THE BEGINNING. FOR ONCE, AT LEAST, GIVE YOURSELF A REAL CHANCE TO WIN.

The correct title for the sample cartoon shown above is "Fireman, Save My Child."

Mrs. Solon Gray Honored By Miss Collier

Mrs. Solon Gray, Jr., a recent bride, who was Miss Bernadette Clarke, daughter of Mr. and Mrs. Peter Clarke, before her marriage, was honor guest at the miscellaneous

shower given Tuesday afternoon by Miss Dorothy Collier at her home on Peachtree street. Mrs. Gray and Miss Collier were schoolmates at Washington seminary, and the guests included eight close friends. Tea was served from an exquisitely appointed table in the dining room, and the attractive hostess was assisted in entertaining by her mother, Mrs. T. J. Collier. Invited to meet Mrs. Gray were Misses Elizabeth Branch, Fort Scott Meador, Jane Morrow, Rosemary Morris, Annabelle Hancock and Frances Mac Kirzen.

Departing Atlantans Honored At Today's Social Gaieties

Prominent Atlantans who leave soon for various points of interest on other continents, a charming visitor and a lovely bride-elect furnish inspiration for the informal gatherings which go to make up the day's social calendar. Mr. and Mrs. Raymond A. Kline, who leave Sunday, March 17, for New York for a stay of several days before sailing March 26 on the S. S. Columbus for an extensive European tour, are being fêted at many interesting farewell parties. Mrs. Newdigate Owensby has invited a group of the young matron contingent to meet Mrs. Kline at luncheon today at the Piedmont Driving club, and this evening Mr. and Mrs. Percy R. Baker will act as hosts at a buffet supper at their home on West Andrews drive, at which Mr. and Mrs. Kline will be central figures. Mrs. Nelson Myll, a popular member of the military set, who leaves with Major Myll at an early date for their new station in the Philippines, will be honor guest at Mrs. Robert Joerg's bridge-tee this afternoon at the Officers' club at Fort McPherson.

Miss Margaret Jarboe, of Greensboro, N. C., is receiving much social attention from the members of the younger set as the guest of Miss Mary L. DeGivie, at her home on Wieuca road. Miss Harriett Haddon's luncheon at the Athletic club and Miss De Givie's dinner at the Brookhaven club will be lovely compliments to this attractive young visitor today.

Miss Elizabeth Mason, whose marriage to Dr. Shapleigh Tatum Killcrease will be an event of Saturday afternoon, taking place at the bride-elect's home in Decatur, will be honored with a trousseau tea at which her mother, Mrs. E. W. Mason, will be hostess this afternoon.

Other events of interest featuring the day's calendar are the meeting of the Nineteenth Century History class with Mrs. James O. Wynne as hostess at the Piedmont Driving club and the benefit bridge to be sponsored by the students' aid committee of the Bass P.-T. A. at the home of Mrs. Ed Pierce on Hurt street.

Miss Louise Nelson Is Feted Guest.

Miss Louise Nelson, whose marriage to Erroll Eckford will be an event of April 6, continues to be fêted at a series of parties.

Miss Ida Sadler will entertain informally at bridge Wednesday, March 20, at her home on Thirteenth street, the guests to include a few friends of the honor guest.

Mr. and Mrs. Perry Adair will entertain Saturday evening, March 23, at the Piedmont Driving club dinner-dance in compliment to Miss Nelson and Mr. Eckford.

Miss Cornelia Orme To Return Home.

Miss Cornelia Orme will return Sunday, March 24, from Holton Arms school, Washington, D. C., and will be accompanied by Miss Mary Sanberg formerly of California, but now of the national capital, her father having been made a member of the shipping board. They will leave Washington on Friday, March 22, and will stop en route home at Chattanooga, Tenn., with Miss Jane Gilman, their schoolmate at Holton Arms, who will also have as her guest Miss La Verne Wallace, of California, her roommate at school.

Monday, March 25, Miss Gilman and Miss Wallace will arrive to be guests of Miss Orme at her home on Peachtree street. On that day Miss Marion Cobb Bryan will be hostess at luncheon in honor of her cousin, Miss Orme, and her guests.

On that evening Miss Orme will be hostess at dinner in compliment to her three guests, covers to be placed for 16.

Tuesday, March 26, Miss Boots Walker will entertain at a luncheon for this lovely young hostess and visitors.

Wednesday evening Miss Orme will entertain at the dinner-dance at the Atlanta-Biltmore in honor of her guests.

Other parties will be given, the list to be announced later.

Mrs. Drummond Gives Luncheon.

Mrs. Clyde Drummond entertained Wednesday at a luncheon at the Vanity Fair tea on Peachtree street.

Covers were placed for Mrs. Walter Scott Askew, Mrs. John Hornaday, Mrs. Alonzo Richardson, Mrs. Irving Thomas, Mrs. Harry Poole, Mrs. A. P. Phillips, Mrs. Newton Wing, Mrs. W. A. Bryerly and Mrs. Howard McCutcheon.

Junior Music Club To Meet Saturday.

The Atlanta Junior Music club, of which Miss Lenus Duell is co-seller, meets Saturday, March 16, at 3 o'clock in Ampico Hall, 193 Peachtree street. A short business session will precede the program. Eugene Snow, juvenile president, and Gladstone Pursley, junior president, presiding.

The Morgan Stephens Conservatory of Music will present an interesting program of solo and ensemble numbers including pupils from the violin class of Miss Morgan Stephens; the voice class of Miss Lela Clark King; the piano class of Mrs. Lillian Rogers; violin and orchestra class of F. H. Gilbreath and the violin class of Miss Aileen Stephens. Music lovers are invited.

Central Presbyterian Sponsors Drive.

In preparation for the every member canvass which Central Presbyterian church will make Sunday, March 17, there will be an inspirational meeting, this evening. Supper will be served at 6:30 and every member of the church is expected to be present. Dr. J. Sproule Lyons will conduct the service. A talk by Mrs. Ralph E. Nolan on the baby clinic and special music will follow.

Mrs. Lee Entertains Marietta Garden Club.

Marietta, Ga., March 13.—Mrs. Fitzhugh Lee entertains the Marietta Garden Club yesterday afternoon at her winter home, Mon Repas. Mr. and Mrs. George H. Keeler had for their dinner-guests Sunday evening Mr. and Mrs. O. E. Keeler, of Atlanta; Mrs. C. M. Crosby, Miss Virginia Crosby and Harry Bryan, of Columbia seminary, their week-end guest.

Mrs. Carole Irbey entertained a congenial group at a soiree tea Monday afternoon at her home of Seminole drive.

Mrs. J. B. Turner, of Eatonton, Ga., was the week-end guest of her daughter, Miss Lucy Turner.

Mrs. D. C. Cole and little grandson, Stanton Reed, Jr., left Saturday for a visit in Clearwater, Fla. Dr. and Mrs. John O. Theiss, of New Martinsville, W. Va., and Mrs. Blount Irbey, of Memphis, Tenn., are week-end guests of Mr. and Mrs. Carole Irbey.

C. A. Keith has returned from Cleveland, Ohio, where he attended the national meeting of Superintendents of Schools and Colleges.

Mrs. Rosser Little and Mrs. Glen Giles left Tuesday for Washington, D. C., where she will attend the council of the Woman's Missionary societies of the M. E. church, south.

Roy Collins returned Tuesday from a motor trip through Florida.

Mr. and Mrs. Gordon Gunn entertained the Methodist choir Tuesday evening at their home on Church street.

Mr. and Mrs. E. P. Dolbs returned Sunday from a month's trip to Fort Myers and Miami, Fla.

The society set enjoyed a dance Saturday evening given at the Marietta Woman's clubhouse.

Miss Winnie Connolly, of Decatur, Ga., was the week-end guest of Miss Wylene Collins on McDonald street.

Altar Society Plans Benefit Dance and Bridge

The members of St. Anne's circle of the Altar Society of the Sacred Heart church will give a benefit tea-dance and bridge party Saturday, March 16, at the Columbian club, No. 1200 Peachtree street. The bridge games will be promptly at 2:30 o'clock and close at 5 o'clock. A popular dance orchestra will furnish music for the dancers from 5:30 to 7 o'clock.

There will be a prize for each table and many prizes have been donated for both men and women. There will be special prizes for the best dancers of the fox trot and waltz. Leonard White and Miss Luella Everett will act as judges. Those desiring tickets may phone the chairman, Mrs. Mae McAlpin, Hemlock 4313-J, or Mrs. John Hurley, Hemlock 4315-W; Mrs. R. C. Odum, Walnut 2887; Mrs. J. C. Wootley, Hemlock 2635; Mrs. Homer Prater, Hemlock 2811-J; Mrs. Ed Tollman, Hemlock 2786. Tables 52 or tickets 50 cents, including both bridge and dance.

The following members of the young set have secured tickets for the tea-dance:

Misses Elsie Prater, Natalie De Golan, Mary X. Guter, Verna Duffield, Elizabeth Otis, Peggy Redmond, Katherine Jentzen, Dorothy Redmond, Carolyn Holliday, Margaret Redmond, Nell Jentzen, Norma Harrison, Eleanor Young, Mary Frances, Egan, Dorothy Young, Agnes McGowan, Anne McGarry, Katherine Bodenheimer, Mary Lyons, Margaret Neuhoff, Alice Mendenhall, Evelyn Branch, Betty Murphy, Elizabeth Ramsay, Rosetta Magill, Mary Magill, Charlotte Magill, Mary M. Duffy, Helen Crook, Della Beveridge, Virginia Garmon, Thelma Robak, Frieda Sullivan, Ida Engelhart, Helen Englehart, Margaret Cummings and others. The boys include Dick Reynolds, Frank Corran, John Lambert, Frank Gillespie, William Farrell, Victor Corrigan, Bill McAlpin, Charles Kelly, Tom Flynn, James Magill, Benny Sullivan, Ed Holliday, Joe Holliday, Dan Suttler, J. Reynolds, Jr., William Lynch, Dan McAluff, Robert Corrigan, Sam McGarry, Harry Scarratt, Bernard Collins, Harry Stafford, J. John Higgins, Bill Keeling, John Tischer, John Dehl, John McGee, Walpole Otis and others.

Crowned 135 Years Ago

March 14, 1794
March 14, 1929

The Old South Said: "Cotton Is King."

History may add, "The king was crowned March 14, 1794," the day Eli Whitney was granted a patent on his famous invention, the cotton gin.

In the New South—not only agricultural but industrial—cotton, after 135 years, holds her place in the royal family of priceless commodities.

What that place is RICH'S 30th ANNUAL SALE OF COTTON GOODS demonstrates today. The beauty of new designs, the richness of new colors, the softness of new fabrics for frocks and draperies of all kinds proclaim the royal lineage of OLD KING COTTON!

Mrs. Danforth Arrives for Visit To Mrs. Frederick H. Rayfield

Mrs. Charles H. Danforth arrived in Atlanta Wednesday from Florida, where she spent several weeks, to be the guest of Mrs. Frederick Harvey Rayfield at her home on Camden road in Brookwood Hills. Mrs. Danforth and her husband, Colonel Danforth, formerly resided in Atlanta at the Georgian Terrace, when Colonel Danforth was the head of the Fourth Corps Area aviation branch. They moved from Atlanta to Mt. Clemens, Mich., about a year ago where Colonel Danforth was transferred to Selfridge Aviation field. During their residence in Atlanta both Colonel and Mrs. Danforth made a wide circle of

Social Items

Miss Julia Lowry Meador, daughter of Mr. and Mrs. T. D. Meador, is spending her spring vacation of ten days in Bermuda, having gone with a party of teachers and students from King-Smith Studio school, in Washington, S. C.

Mrs. G. C. Hinchelwood is ill at the Georgia Baptist hospital.

Dr. and Mrs. Gordon Singleton have returned from a few days' visit to Cordele.

Mr. and Mrs. R. T. King have returned from Rome, where they spent the week-end with Mr. and Mrs. Nevin Patton.

Miss Ruth Levy, of Bessie Tift college, is spending the spring holidays with her sister, Mrs. O. S. Maxwell, at her home on Eighth street.

Mrs. R. H. Trumbull and children, of Merion, Pa., and Palm Beach, Fla.; Mrs. Anton P. Wright, of Savannah, Ga.; Mr. and Mrs. A. H. Hovey and Mrs. Albert H. Hovey, of Springfield, Mass.; Miss Edith Sinclair, of Asheville, N. C., are guests at the Biltmore hotel.

Little Miss Ann Barili, daughter of Mr. and Mrs. Alfred Barili, who underwent a mastoid operation at

Miss Blanc Weds Ralph A. Hawkins Of New Orleans

The marriage of Miss Pauline Elizabeth Blanc, daughter of the late Mrs. Mary Kellam Blanc, to Ralph A. Hawkins, of New Orleans, was solemnized at 4:30 o'clock yesterday afternoon at the home of the bride's aunt, Mrs. John C. Fife, on Terrace avenue, Druid Hills.

The bride was given in marriage by her aunt, Mrs. Fife, and the Rev. D. S. Kellam, of Waterloo, S. C., uncle of the bride, performed the ceremony.

A musical program was rendered by Mrs. Edward White and before the ceremony Mrs. Eugene Allensworth sang several numbers.

Miss Louise Fife acted as her cousin's maid of honor and Mrs. Charles Sewell, of Jacksonville, Fla., was the matron of honor.

Little Miss Betty Fife was flower girl. Mr. Hawkins had as his best man, Charles Sewell, of Jacksonville, Fla.

The maid of honor's costume was an attractive model of French blue crepe with beige trimmings. She wore a small straw hat to match. Mrs. Sewell's gown was fashioned of rose colored crepe and she wore a small hat of straw in a matching shade.

Both the maid and matron carried bouquets of butterfly roses and valley lilies.

The little flower girl wore a dainty frock of pink chiffon and carried a basket of pink rosebuds.

The bride's costume was a striking model of modernistic blue crepe with oyster white trimmings. Her hat was an oyster white straw model and she carried a shower bouquet of bride's roses and valley lilies.

The bride and groom left after the ceremony for New Orleans where they will reside.

Bob and Wright, are visiting Captain Wright's mother, Mrs. Henry S. Wright, at her home on West Peachtree street. They are en route from Fort Ringgold, Texas, to Portland, Maine, where Captain Wright will be stationed.

Mrs. J. E. McElroy, of Norcross, is seriously ill at St. Joseph's infirmary.

Mrs. R. W. Freeman returns to her home in Senoia today after spending several weeks in the city as the guest of her sisters, Mrs. Spencer A. Kirkland and Mrs. O. D. Bartlett, while recuperating from a recent illness.

Miss Mary Dickerson, of Columbia, S. C., is spending several days with Mr. and Mrs. Hinton Hopkins at their home in Druid Hills.

Mrs. A. L. Lippitt has returned from a week's visit to Knoxville, Tenn.

John R. Hopkins, of Columbia, S. C., is visiting his parents, Mr. and Mrs. Hinton Hopkins on Fairview road.

Mr. and Mrs. Charles A. Bickerstaff have returned to their home on Lullwater road following a month's trip to California, Washington, and British Columbia.

Mrs. George Crandall and her sister, Mrs. Clayton Cowley, of Minneapolis, Minn., will motor today to Augusta with Mrs. Ernest Daly, to attend the horse show being staged on the grounds of the Forrest-Ricker hotel.

Mrs. L. C. Edelblut, of Augusta, left Monday by motor for Chicago, Ill., to be the guest of Mr. and Mrs. F. L. Tanner, Jr., after a visit to Mr. and Mrs. F. L. Tanner, Sr.

Mr. and Mrs. J. J. McCarley, of Shelby, N. C., are visiting their brother and sister, Dr. and Mrs. T. J. Collier, at their home on Peachtree road. Mr. McCarley recently underwent an operation at Piedmont sanitarium. Dr. and Mrs. Collier also have as their guest, their niece, Mrs. William Nulls, of Columbia, S. C.

Mrs. L. D. Allen, of LaGrange, returns home today after being the guest of her brother and sister, Mr. and Mrs. Harry Callaway, on Twenty-sixth street.

Mr. and Mrs. T. Tanner, Jr., have returned to their home in Chicago, after a visit to their parents, Mr. and Mrs. F. L. Tanner.

Mr. and Mrs. Harry Paschal returned home Sunday from New York.

Mr. and Mrs. Channing S. Timbuck, of Hartford, Conn., are the guests for the week of Mr. and Mrs. Hinton Hopkins on Fairview road, Druid Hills.

Mrs. Frances Brown Chase is attending the D. A. R. conference in Brunswick, Ga.

Walter and H. M. Powell leave today for Reedsburg, Wis., where they will attend the golden wedding anniversary of their parents, Mr. and Mrs. Charles D. Powell, at which all six of the sons and daughters are planning to be present at this family reunion.

Mr. and Mrs. C. D. Beadle, of Asheville, N. C., are spending a few days with Mr. and Mrs. Russell Bridges at their home on Fern avenue.

Misses Yolande Gwin, Ellen Wolff, Isobel Hunter and Marjorie McCleod, Mesdames Carl Ramspeck, John Yopp, Stacey Earnest Hill, John O'Donnell, Wiltshire Riley left yesterday for Augusta, where they will attend the horse show opening today on the grounds of the Forrest-Ricker hotel.

Dr. Edwin C. Pound, of Forsyth, Ga., with Mrs. Pound and Edwin C. Jr., are spending the week-end with Mrs. Pound's parents, Mr. and Mrs. W. C. Champlin, 4313 Peachtree. Dr. Pound is attending the midwinter clinic of the Fifth District Dental society.

The Atlanta chapter, D. A. R., meets Saturday, March 16, at 3 o'clock at Craigie house on Piedmont avenue. Mrs. John William Smith, the regent, will preside.

Following the reports of the officers of the chapter, annual reports from the chairmen of the various committees will be given. A program of music will follow the reports from the delegates who attended the state conference at Brunswick, Ga., this week. Mrs. C. V. LeCraw will present Miss Jane Ulmer, gifted violinist, in a group of numbers, who will be accompanied on the piano by her mother, Mrs. Ulmer. Miss Patten, of Marietta, will sing several solos.

Tea will be served by Mrs. Spencer Stone and the members of the house committee. Attending the annual state conference at Brunswick from the Atlanta chapter are Mrs. John William Smith, Mrs. Eli Thomas, Mrs. Bun Wylie, Mrs. Thomas Mell, Mrs. John Marshall Slaton, Mrs. Moreland Sneed, Mrs. P. D. McCrory, Mrs. Drury Powers, Mrs. Lucius McConnell, Mrs. James Logan, Mrs. Frances Brown Chase and Miss Hazel Kirk.

DAILY CALENDAR OF WOMEN'S MEETINGS

The citizenship chairman of the Atlanta council of the P.-T. A. meets with Mrs. Wellington Stevenson, president of the Georgia League of Women Voters, and citizenship chairman for the Fifth District P.-T. A., at 10 o'clock at league headquarters, 356 Candler annex.

Atlanta's 2nd Annual

EASTER FESTIVAL

At Keely's . . . 12,000 Yards of New—Stylish—Springtime Prints in a Compelling Easter Event That Will Be History-Making

Sale of Easter Silks

\$1.59—\$1.98

Worth \$2 to \$3 Yd.

—Keely is an authority on silks! Atlanta women have learned that Keely's Silk Sales are sales they must not miss—sales that combine undisputed quality and assured style with low prices. The home sewer and the dressmaker demand style and quality combined with value. Today, these three highly desirable attributes meet and are part of Keely's grand exhibition of wanted silks at two prices.

—Today, you may buy yards and yards of silk—new, springtime silks—Fashion's pets, as many yards as you want, at the same time save money, and yet not sacrifice an iota of style or good looks.

—Come early for first selections! The Sale begins promptly at 9 o'clock this morning.

Printed Silks, \$1.98
Regularly \$3

—CREPES, GEORGETTES, CHIFFONS. Originality of designs marks this peerless collection of prints. 40 ins. wide, in highly desirable colors. Plenty of black and white and white and black.

Crepe Senoussi, \$1.98
Regularly \$2.50

—A splendid washable crepe that shows a roughness of texture similar to the pongee weave. Every outstanding shade of spring is included. 40 ins. wide.

Self-Striped Georgette, \$1.59
Regularly \$3

—Self-striped Georgette offers an element of novelty to the spring sewer. Exquisite colors—tan, black, Mother Goose and grey. 40 ins. wide.

Figured Georgette, \$1.59
Regularly \$2

—Beautifully sheer, 40-in. figured Georgette in exceptionally good colors for Spring ensembles.

Silk Moire, \$1.98

—The newest evening dresses are of moire. A charming material for children's dance frocks. White, black, yellow, pink and peach. 35 ins. wide.

Chiffon Taffeta, \$1.59
Regularly \$2

—The style-wise will immediately buy this chiffon taffeta. In both changeable and all evening shades. 36 ins. wide.

—Keely's, Main Floor

One bottle of Heinz Tomato Ketchup adds, new good flavor—new joy in eating—to a score of foods. Pour it on 'most everything. Thicker because richer—richer because all garden-fresh tomato. Spiced to perfection.

HEINZ Tomato Ketchup
RICH WITH JOYOUS FLAVOR

OBOY BREAD

THERE'S no year-round food like bread. It's always "in season." And there's no bread like Oboy bread. It's always the same luscious loaf. You can eat it every day at every meal and enjoy it. Its distinctive new flavor won't it a trial all over town several months ago. Its crisp, crunchy crust and its snowy, healthful heart have brought rapidly increasing popularity ever since. When you're picking a year-round food for your family, why not get the best? Oboy is always oven-fresh at your grocer's.

THE GUMPS—HELP!

THE MEDBURY
FORT MURDER

By GEORGE LIMNELLIUS

SYNOPSIS

Major Hugh Preece, of the Royal Army Medical Corps, has just been transferred from Bath to Fort Medbury, which is not far from London. He is about to leave his office one day to take his wife and children for a ride when Lieutenant Lepore is announced and has to stay and examine him. The lieutenant is suffering from a mild disorder and the major prescribes for him. After the young officer leaves Major Preece remembers that he has seen him before and recalls the occasion. The visit puts the major in a reminiscence mood. He recalls his first love affair with Prunella Lake, an actress on the London stage, then his being sent to west Africa and his unhappiness at parting from Prunella. On his return to London he again sees Prunella. He asks her to marry him, but she refuses and shortly afterwards marries Tremayne Roman. Preece marries Claire Chisholm, sister of one of his west African associates. Sometime later Prunella writes to Hugh and asks him to meet her at Swindon, near Bath.

INSTALLMENT X.

A SENTIMENTAL INTERLUDE.

Swindon, Preece discovered, had few sources of amusement. "The Royal Hotel" was in the worst mid-Victorian tradition; a gloomy and unfriendly hostelry, from which, on the night of his arrival, Preece had fled to the local music hall. On his return he had wandered into the hotel bar. A young man was talking to the barmaid. They appeared to be having a facetious flirtation, bordering on the indecent. "Men! What are they?" The flaxen haired young woman's voice held depths of disparagement.

"Ah! I could show you." The youth leaned across the counter and whispered in her ear.

"Go on, saucy! Not so much of it." Whatever the whispered remark had been, evidently the lady had not been seriously offended. The conversation between the two proceeded in low tones on his part; on his, in a full and unusually suave voice for a young man. Preece took him to be not more than 20 or 22; he noted the short, badly shaped legs, the magnificent torso and vulgarly handsome features. "What we should have called a horrible boulder in my younger days," Preece reflected, inwardly amused.

"Well, an avoirdupois, my dear," the young man had stopped at the door, his full lips curved in a sensual grin. "See you later," he added.

Viewing the barmaid's crimson cheeks and neck, Preece considered that, in all probability, the statement was strictly accurate; nevertheless, his opinion of the boulderlike qualities of the young man were confirmed. He had hidden the still embarrassed young woman "good night," and gone to bed.

Next morning he had received a telegram: "Arriving 4.30, please meet me, Prunella."

On the station platform Preece's mood varied between a boyish exhilaration and a conviction that he was behaving like a middle aged ass. He had paused to survey himself, critically, in a mirror over an automatic machine. Ten years had brought a change. Indubitably. He had retained his figure, certainly; but the still boyish face of 25 had hardened. There were lines now which had not been there when he had last seen Prunella. His hair, though still thick, was plentifully flecked with white. He sighed, and turned to scan the carriages as the train slid along the platform.

"O, Hugh! Here you are, and here I am!"

"I'm staying here for the night," she announced. "I'll stay at the Royal. Why not?"

"Is it wise?"

"Is it right? Is it kind? Is it wise?" she mocked. "Come along. No one will ever know. My husband's away—fishing in Norway. I told my dear old uncle that I was coming tomorrow, and no one will ever know. I stopped off for one day in Swindon. Just for one day, Hugh," she pleaded, "to—to pretend."

Aunt Het

"I ought to stay in the country. That woman in the city sure blessed me out when I forgot where I was an' started to wipe her brat's nose."

(Copyright, 1923, for The Constitution.)

Just Nuts

GETTIN' UP IN DE WORLD AM JUST LIKE WINNIE AT CARDS-A GOOD DEAL DEPENDS ON A GOOD DEAL

"A sentimental interlude," he had murmured.

"Don't be cynical," she reproved him.

"My dear Prunella," Hugh laughed, "an instinct of self-defense."

Of course, he had made love to her again. It was habit. Hugh inwardly supposed, with a grin. There was nothing else to do with her. They had no other point of contact. Tacitly, they ignored all that had passed since their last poignant farewell; his wife and family, her husband and her secure position in post-war society.

He had been mad. They had both been mad. No; she, for some inscrutable reason of her own, had meant it; had planned the whole scheme. What astounding creatures women were! He had never known, never would be quite certain, if it had been a deliberate plot on her part, or if she, too, had been engulfed by the waves of a rekindled passion; like the fires of a dormant volcano, bursting forth, at last, to a fiery consummation. Yet when he remembered the fundamental power, which Prunella had possessed, of cool calculation, he felt confident that the whole incident had gone strictly according to plan—to her plan—from start to finish.

For, in the following summer, Preece had seen an announcement of the birth of a son and heir to Lady Roman, wife of Sir Tremayne Roman. From Prunella, he heard no word but, one day, about a month after the birth of her son, he had found an envelope on his desk, addressed in her handwriting. Inside was a single curl of silken hair. That was all.

Her luck had held; there had, obviously, been no breath of suspicion. One disconcerting incident there had been, but Preece had never mentioned it to Prunella. As he had softly closed the door of her bedroom, he had nearly collided with some one who was walking rapidly down the dimly-lit corridor of the hotel. The light of an electric torch had been flashed in his face. He had stood stock still, absolutely nonplussed; then, the light had swept deliberately to the number of the door through which he had just emerged. A subtle chuckle, and the figure had resumed its rapid progress along the corridor, turned a corner and disappeared. The clumsy gait with its suggestion of confident swagger, was unmistakable. Preece had seen it again, just now—not two hours ago.

The young man of the hotel bar was the same young man whose amorous nocturnal prowlings in a second rate provincial hotel had, suddenly, seemed to debauch this wonderful, unreal adventure to something solid and real; so that Preece had reached his own bedroom with a feeling of overpowering guilt and disloyalty.

This young man was, in fact, Lieutenant Lepore, of the First Mercia regiment.

"What's the matter, Hugh?" Claire demanded as she bent over her sewing. "You look pensive."

"I was thinking. . . . Would you say men are, by nature, more sexually promiscuous than women?"

"No, but they have more opportunity," replied his wife with a smile. "Why?" she continued. "Have you been promiscuous lately?"

"How typically feminine to apply a generality personally!"

"Dear Hugh! I knew you'd say that."

Hugh stifled a sigh. He always felt unutterably mean when he allowed his mind to dwell on that interlude at Swindon. Claire herself was so loyal, so straight, and so entirely lacking in the essentially middle class qualities of jealousy and suspicion. Could Claire understand? Could any woman understand? It would appear to Claire a deliberate, a wanton, an inexcusable act of disloyalty and sensuality.

Well, she must never know. Queer coincidences, coming across that unpleasant fellow, Lepore. For a moment it had given him a nasty jar. Even if Lepore had recognized him, what did it signify?

Claire's voice interrupted his musings: "What are you going to do when I take the children to visit mother?"

"When are you going, darling?"

"The last week in May."

"Then I will arrange to go down to Medbury Fort during the time you will be away. A company is going there for house-party and I will go as M. O. Lester can carry on for me here and I should like the change."

"Good! That fits in splendidly. Now come along, Hugh, you look tired and worried. Let's go to bed."

NEED OF GOOD ROADS

Any state that hasn't a network of well-surfaced roads is suffering an economic loss greater than the cost of building the roads, according to Floyd Allen, of Detroit, who is a guest speaker at the annual conference of the Biltmore. He is in Atlanta for the conference with the various divisions of the General Motors corporation, coming here as the personal representative of the company.

NEED OF GOOD ROADS

Any state that hasn't a network of well-surfaced roads is suffering an economic loss greater than the cost of building the roads, according to Floyd Allen, of Detroit, who is a guest speaker at the annual conference of the Biltmore. He is in Atlanta for the conference with the various divisions of the General Motors corporation, coming here as the personal representative of the company.

The wear and tear on cars, the increased gas and oil cost and the inevitable greater depreciation due to the higher mileage which is driven by every car owner, is infinitely greater in the aggregate than would be the cost of taxation in building new highways," he said. "I have just completed a tour of the western and southern portions of the United States. He states that every locality the utmost optimism is shown for the future of the general Motors this year. He optimizes, "believes it will reach the high peak of business expansion we have ever known in this country. The western section is just beginning to realize its tremendous possibilities. With establishment here of a branch factory, as announced in today's story, the future of the western sec-

will profit, for this probably is the beginning of even greater industries. With industrial pay rolls, your agricultural possibilities, the threat should become the most prosperous section of the United States." Mr. Allen will remain in Atlanta Thursday for the General Motors corporation meeting, leaving tonight for Augusta.

council instead of by popular vote, as at present, was voiced by the Santa Federation of Trades at its monthly meeting Wednesday night. In taking this action the central labor body reiterated its position on the subject as expressed at various times during the past few years when the question of naming departmental executives in the municipal government was brought up. The Santa Federation expressed its sentiments in the matter Wednesday night when it was brought to the attention of the delegates that a proposal may be made by the city council to electing to amend the charter of the city so as to permit the department heads to be elected by council instead of by popular vote. The city council resolution may be introduced in city

unanimous vote the central body met on record as opposing any attempt to change the present system of electing city department heads, and the board then authorized the committee to investigate the possibility of changing the charter so as to make the city clerk elective by vote of the people instead of by city council. The board then adjourned. The confederation, who Wednesday night completed three successive years in office, was presented by the federation. The presentation was made by A. S. Cose, newly elected president, who, assuming the duties of his office, said he limits his administration to a business policy. The installation of the new officers, who were elected at the last meeting, constituted a feast.

THORITIES TRY CONNECT SPENCE WOMAN'S DEATH

Mexico seems to be cutting off supply of Mexican tomatoes. Report by the United States department of agriculture bureau of economics said an embargo on freight along the Mexican coast might be reason for tomato imports drop to 70 cars for the last week. Mexican tomatoes however are

COTTON BRIEFS
BY W. G. HARDIN,
Market Editor The Constitution

The Atlanta market, reporting a closing of 700 barrels, was steady with a high of 20.45.

Spot sales in southern market fell sharply, the total of 12,954 barrels being the lowest for the first six weeks. Spot sales Tuesday

Liverpool prices came in 7 points better than expected by the most optimistic. The improvement was not explained, though statistics for February cotton goods may have influenced the rise.

British mills exported 14,000 pounds of cotton yarn and 325,000 square yards of cotton against 315,000 yards in February 1928, figures issued Wednesday.

Weather conditions for the weekend yesterday as reported by department of agriculture indicated marked improvement in the east. In the Middle West and the West, however, rain squalls and pesky showers showed general rains.

Considerable attention is

Rains over the entire cotton belt from Texas through the Carolinas likely to renew bullish influence toward the advance of futures as we

A sustained movement such as experienced last week, though possibly of longer duration, might easily result in a condition with prices at higher prices reached.

World mills are maintaining a steady activity, according to the side bureau, with a record-bred ton in consumption of cotton. February record was 572,000 b against the 1927 record of 520,000 b.

Reports circulated that mills have oversold are the basis for no reasonable expectation of decreased prices in the near future. In fact, however, that the supply of tiles does not meet demand really steady demand for lint cannot be expected.

The fact that there is no great amount of cotton on hand to press

market at this season is another excellent reason for brokers' expectations of continued bullish sentiment.

AMERICAN GOODS FIND

INCREASING DEMAND

WASHINGTON, March 13.—(AP)—In

creased buying of American goods by

European consumers shown in

commerce department figures today to

be the chief cause of increases in this

country's export trade for January.

Consumption of United States goods

by countries on the Atlantic coast

was also a notable factor.

The showing in January foreign

trade of the United States by geo-

graphical divisions of the globe was

as follows:

Exports—Jan. 1929. Jan. 1928.

Europe—\$23,706,141 \$20,777,407

South America—11,046,111 7,317,635

North America—10,848,712 47,191,209

Oceania—4,851,742 4,177,407

Asia—\$90,635,521 \$9,523,329

Africa—\$2,325,329 \$2,125,329

Latin America—\$42,648,226 \$41,150,226

France for the same period, exports

were \$12,704,247 against \$12,125,825.

Imports—Jan. 1929. Jan. 1928.

Europe—\$107,122,837 \$97,122,837

South America—\$2,036,514 7,317,635

North America—108,487,712 47,191,209

Oceania—4,851,742 4,177,407

Asia—\$90,635,521 \$9,523,329

Africa—\$2,325,329 \$2,125,329

Latin America—\$42,648,226 \$41,150,226

France for the same period, imports

were \$12,704,247 against \$12,125,825.

MEXICANS WILL CLEAR TRAFFIC LINES FOR IMPORTS

Washington, March 13.—(AP)—Ambassador Morrow informed the state department today that he has had several conferences with Mexican officials concerning imports into Mexico such as coal and explosives needed for industrial life in Sonora and Chihuahua, two states held by the rebels, and the export from those states to the United States of perishable crops.

The government, Ambassador Morrow said, desired that the civil population suffer as little as possible because of the revolution, which the officials expected to be of short duration. Authorization has been given the Mexican consul at Naco to clear supplies and explosives needed for the Chihuahuas. The government also has authorized the Southern Pacific railroad to move the early vegetable crop from Sonora, provided the purchase money remains in the United States.

G. F. FLANDERS EXPECTS EARLY CONFIRMATION
Georgia's G. O. P. National Committee-Elect Confident of Final Status.
BY GLADSTONE WILLIAMS.
Washington, D. C., March 13.—(Special).—Following a series of conferences during the past week with republican organization leaders, G. F. Flanders, of Swainsboro, republican national committeeman-elect from Georgia, let it be known tonight that he expects to have his office confirmed at an early date by the republican national committee, and by administration officials in Washington. Although the executive committee of the republican national organization failed to act on the Georgia vacancy at its meeting here last week, Flanders stated that since then he had been given full assurance that he would be recognized. He expects definite action to be taken on his case shortly after Chairman Hubert H. Turner of the national committee, returns from his home in Colorado, where he went on a brief visit following adjournment of the committee meeting. Officials of the national organization to explain just why the Georgia committee action was not acted upon. Others were from Wisconsin and the territory of Alaska, but for some reason.

ANGLO-AMERICAN RELATIONS TOPIC OF JOHN W. DAVIS

New York, March 13.—(AP)—John W. Davis, writing on "Anglo-American Relations" in "Foreign Affairs" magazine, makes some recommendations for improving those relations through a clearer understanding of the problems connected with them. He advocates an agreement whereby the United States should not insist on its neutral rights at sea when other nations were engaged in a naval war, in return for which Great Britain would fully accept America's interpretation of neutral rights in a regular "private" war. The former ambassador to Great Britain believes this would greatly facilitate a naval agreement. Mr. Davis thinks both nations must decide to take into account realistic and possibilities rather than prejudices and traditions.

CUBAN ADHERENCE TO KELLOGG PACT ARRIVES IN U. S.

Washington, March 13.—(United News).—Cuba's formal adherence to the Kellogg anti-war pact was deposited at the state department today. The state department was informed the Belgian parliament had ratified and only King Albert's signature remained to complete the act. Action by the French senate and the signature of President Doumergue will complete ratification in France. No action toward ratification has yet been reported from Japan.

When the ratifications of Belgium, France and Japan are deposited here the treaty will come into effect. Twenty-five original signatories had deposited their ratifications at the state department.

R. W. ROGERS SPEAKS. Makes Address to Traffic Study Club.

R. W. Rogers, superintendent of the Seaboard Air Line, was principal speaker Wednesday night at a meeting of the Traffic Study Club at the chamber of commerce. Mr. Rogers spoke on "Traffic Measured by the Transportation Yardstick." The study club is an adjunct of the Atlanta Traffic club.

R. B. Pegram, vice president of the Southern railway, will address the study club on March 27.

HOKE SMITH TO SPEAK. Will Tell of Recollections of Cleveland.

Hoke Smith, secretary of the interior under President Grover Cleveland, will speak on his recollections of the president at the City club meeting at 12:30 o'clock today at the Ansley hotel. The feature of a special observance of the birthday of Cleveland, it was announced Wednesday by Judge Ernest C. Koutz, president of the club.

THREE DIE IN BLASTS AT GROCERY STORES

Cause of St. Joseph, Mo., Explosions Undecided by Investigators.
St. Joseph, Mo., March 13.—(AP)—Two terrific blasts early today wrecked two buildings, killed three persons and wounded nine others. Authorities admitted today they were without definite clues to the cause of the explosions.

The explosions demolished the two brick buildings in which they occurred and did great damage to surrounding property. Both of the destroyed buildings housed groceries on the first floor and apartments on the second. They were but a block apart.

The first blast occurred at 1 o'clock. Two hours later, while crowds surrounded the scene, the second building was shattered. Rocketeers were blamed for the destruction by some officials. Others attributed the havoc to natural gas explosions.

State and municipal authorities joined in the investigation, after a conference between Mayor L. V. Stilwell and C. V. Philley, president of the police board. Police detectives, the fire department and the prosecutor's office are seeking for some light on the blasts. Charles L. Morrison, editor of the St. Joseph News, said he will conduct a public hearing as soon as possible.

The dead, all killed in their apartments, are Mrs. Mary Lou, 64, her grandson, Charles Donald Nolan, 9, and Dorothy Glogner, 9. The first two were killed in the first explosion, the third in the second.

All of the injured, among whom were several children, were expected to recover.

KELLOGG PACT LAUDED AT MEET OF MISSION GROUP

Washington, March 13.—(AP)—The Kellogg-Briand peace pact was described tonight as a factor in making the pacifist a patriot by the Rev. Charles Clayton Morrison, editor of the Christian Century, at the opening session of the nineteenth annual meeting of the Woman's Missionary conference of the Methodist Episcopal church, south.

"One of the results of the Paris pact," said the Rev. Mr. Morrison, "has been to alter the status of the peace-maker. While war was legal and righteous, the peace-maker often found himself working against his government. Pacifism is now the highest patriotism."

The council, which will be in session for six days, is to be received tomorrow at the white house by President and Mrs. Hoover. Three hundred delegates from eleven countries are attending.

ASBURY CHILDERS, FORMER ATLANTA MAN, DROPS DEAD

Jacksonville, Fla., March 13.—(AP)—Asbury Childers, 57, retired contractor, who formerly lived in Atlanta, dropped dead on a downtown street here today as the result of a heart attack. The body will be sent Friday to Atlanta, where a son now lives.

While in Atlanta Mr. Childers lived at 646 Spring street.

COMMITTEES LAY REPARATION PLAN BEFORE BIG BODY

Paris, March 13.—(AP)—The results of efforts by subcommittees of reparations experts to incorporate their suggestions into a feasible scheme for an international bank were laid before the plenary session of the reparations committee today.

The committee simply took cognizance of the reports and asked members to study them with a view to some definite action at the next plenary session, Friday afternoon. Meanwhile the amounts and the number of German annuities will be discussed between individual experts. It is understood, so that whatever may be the final form in which a trusteeship for payments is organized the vital question of the sum Germany shall pay and how she shall pay it will be settled without delay.

Mortuary

LONZOY HUNT, JR.
The body of Lonzo Hunt, Jr., infant son of Mr. and Mrs. Lonzo Hunt, of 567 Bender street, who died Wednesday, will be carried this morning to Hiram, Ga., for burial and burial. Harry G. Poole, funeral director.

As Strong and Tough As a Tire Can Be And A Tag That Says It Must Be Made Good The New Seiberling-Special Service Balloon

Seiberling is so sure that this great NEW SPECIAL SERVICE balloon will endure any kind of service that Seiberling does something no other tire maker does—protects you, the buyer, against expense due to accident or injury from any cause throughout one full year of service on your car. When you see this great tire you will know why. BIGGER, STRONGER. Tougher, far tougher, than any tire before.

You will appreciate the prompt and courteous service we render at our store and on the road, and know you will get more pleasure out of your motoring when you start riding on SEIBERLING TIRES.

Come in or phone, and we will be pleased to explain our new deferred payment purchase plan—which has proven so popular with hundreds of Atlanta motorists.

Guaranteed
Vulcanizing
